

Midwest States Counted As GOP At This Stage

(Editor's note: This is the fourth of a series of five stories on the political situation as of now, as seen by newspaper editors and political writers in all 48 states.)

By DOUGLAS B. CORNELL
NEW YORK, Sept. 18 (AP)—Key Midwestern battleground states are considered by editors on the scene to be half certain, half doubtful, but largely inclined to go Republican at this stage of the 1952 election campaign.

Large numbers of voters still are regarded as undecided between Democrat Adlai Stevenson and Republican Dwight Eisenhower for president. And editors and political writers participating in Associated Press surveys provide all sorts of cross-current estimates as to which way the vital farm vote might go.

This bloc of a dozen states—North and South Dakota, Nebraska, Kansas, Missouri, Iowa, Minnesota, Wisconsin, Illinois, Indiana, Michigan, and Ohio—has been given a major share of the responsibility for the surprise victory President Truman chalked up in the 1948 election. So these states, with 153 electoral votes, are sure to hear some heavy political cannonading as the rival parties fight it out between now and the Nov. 4 balloting.

Sure Of Missouri

Four years ago, six of the 12 states went Democratic, some of them by hair-line margins. This year, as newsmen see it, the Democrats could be reasonably sure only of Truman's home state of Missouri if the election were held today. Among the doubtful states, they believe only Illinois is teetering toward its own Gov. Stevenson.

The consensus of newsmen is that four bed-rock Republican states—North and South Dakota, Nebraska and Kansas—will stay Republican. They figure that Iowa, which went Democratic in a stunning upset in the 1948 presidential election, will return to the Republican fold.

Except in the Roosevelt land-slides of 1932 and 1936, the Dakotas, Nebraska and Kansas have been solidly Republican for 32 years or more.

Caudle Explains How He Got Axe

By HARRY P. SNYDER
WASHINGTON (AP)—T. Lamar Caudle gets a chance today to echo what his former boss—J. Howard McGrath—told House investigators yesterday, that Caudle was "wrongly treated" when President Truman booted him out of his Justice Department job last November.

The judiciary subcommittee that has been checking up on the nation's law enforcement machinery called Caudle for a public recital of his role in the 1951 St. Louis grand jury probe of tax fraud cases.

Caudle, who was chief of the Justice Department's Tax Division at the time, already has given the subcommittee his version at closed door sessions.

Yesterday the probers heard McGrath—the former attorney general who also was ousted by his old friend, President Truman—testify that his aides did everything they could to help in the St. Louis case, not hinder it.

McGrath, in a sharp slap at Truman, declared Caudle did a good administrative job and "if firing was going to be the order of the day, there were plenty of places to start besides Lamar Caudle."

Pakistan Gets Loan

WASHINGTON (AP)—Documents for a 15-million dollar U. S. loan to Pakistan were signed at a White House ceremony yesterday. Pakistan will buy wheat with the money. The loan is being made by the Export-Import Bank.

Soft Coal Industry Not Bowing To Lewis For Boost In Royalty

By NORMAN WALKER

WASHINGTON (AP)—John L. Lewis is tucked a hard coal royalty boost into his trophy belt today and began trying to win over soft coal owners one by one to his contract terms.

Lewis, head of the United Mine Workers, was reported dangling an exemption from next Monday's expected Northern soft coal strike in front of some big Illinois operators.

Most of the soft coal industry, however, seemed to be steadfastly set against bowing to the union chief's money demands.

Some Mines Exempt

Lewis has charged a selective strike, ordering his men to (1) quit mines belonging to the Bituminous Operators Association—representing most Northern mines—next Monday, and (2) halt work in the Southern Coal Producers Association's mines on Oct. 1.

The diggings represented by the two associations produce about 70 per cent of the nation's soft coal. Most of the mines west of the Mississippi River are to keep working. And a number of important mines belonging to neither of the big employer associations, including the Big Ben Coal Co. of Illinois, are also strike-exempt.

Lewis says these exempted mines have agreed that, in return for being allowed to keep open while the bulk of the industry is shut down, they will accept whatever new soft coal contract terms are finally negotiated.

Franco's Price For U. S. Bases In Spain Too High

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Diplomatic officials said today they are reasonably confident that the United States eventually will get air and naval base rights in Spain but not at the price asked by Generalissimo Franco.

Franco's terms for agreeing to let American ships and planes use bases in Spanish territory were sent to Washington in late July and have already been rejected, these officials said.

The rejection was regarded in the State and Defense Departments as a phase in the bargaining with Franco, which has been under way since last March. Some officials said the Spanish reaction was to indicate that the initial terms were subject to modification and were not meant as final.

Spain Wants Alliance

The Spanish problem came into the news yesterday when Sen. Long (D-La.) said the United States should come to an agreement on the base problem and told reporters he did not think the Spanish were asking too high a price.

He did not say what price they were asking.

Diplomatic officials indicated that at the moment they are not clear themselves on this point because negotiations are actively under way.

Secretary of State Acheson told a news conference yesterday that

Senator Taft Says Eisenhower Is Only Hope For America

By REED SMITH

SPRINGFIELD, O. (AP)—Sen. Robert A. Taft said last night that only the election of Gen. Dwight D. Eisenhower as president can change the philosophy of government spending and power.

"Gen. Eisenhower has stated without qualification his belief in the philosophy of liberty," Taft told a Republican rally opening his 18-state tour in behalf of the man who beat him for the presidential nomination.

New Thoughts Needed

"He stated it long before I met him last week," Taft said, "and only reaffirmed at that time what he has frequently said in the past."

"He believes strongly in our system of constitutional limitations and government power. He abhors the left-wing theory that the executive has unlimited powers."

"There is only one way to change the philosophy of government spending and power, and that is to elect Gen. Eisenhower and let him create a new administration, with new faces and new thoughts."

Taft's 30-minute address to a

police-estimated crowd of more than 2,000 in Springfield's 2,600-seat Memorial Hall was broadcast and telecast nation-wide.

Speaks For Ticket

It was Taft's first speech since the July convention defeat that embittered many of his backers. Associates described his tour as an all-out attempt to swing his disappointed supporters to "Ike."

"I have come to speak for all the Republican candidates, state, national and local," Taft said. "Naturally, my first interest is national and the election of Eisenhower and Nixon."

Sen. Richard Nixon of California is the GOP vice presidential nominee.

"During the campaign I expect to speak on all the issues, corruption and degradation in Washington, Communist influences in the State Department, the surrender of China to the Communists, the Korean War and Acheson foreign policy," Taft said.

"But to my mind," he continued, "there is one great fundamental issue before the American people in this election of 1952. It is resumption and continuation of progress under a free American way of life, as opposed to the alleged advances to be obtained by surrendering our money and our freedom to the tender mercies of an all-powerful and arbitrary government."

Reds Driven Off Hill By Koreans

By ROBERT B. TUCKERMAN

SEOUL, Korea, (AP)—South Korean soldiers drove the Chinese Communists from the bitterly-contested southern arm of Finger Ridge in a pre-dawn battle today.

The Republic of Korea (ROK) infantrymen rooted out the Reds with bayonets and hand grenades and recaptured the Central Front positions they lost nearly two weeks ago.

U. N. fighter bombers had softened up the tunneled-in Communists with bombs, rockets and fiery gasoline. Then two columns of South Koreans stormed the ridge in the chill of early morning. Aided by thundering artillery fire, they captured it three hours later.

Navy Introduces New Warfare By Push-Button

By WARREN ROGERS Jr.

WASHINGTON (AP)—American robot planes, untouched by man in long-range flights, have sought out and destroyed Communist targets in Korea—heralding the explosive birth of push-button warfare.

The Navy, which developed the new secret weapon, withheld many details but revealed it as:

An outmoded airplane, carrying a 2,000-pound bomb and guided from carrier-deck launching to on-target crash entirely by electronics. A television camera is perched in its cockpit to send back pictures of its flight.

Watched On TV Screen

Associated Press staff photographer Fred Waters, aboard the 27,000-ton aircraft carrier Boxer, cabled an eye-witness account of the new missile's first use on Sept. 1 in Korea waters.

Navy censors delayed Waters' story until yesterday, cleared it and then said in an announcement: "A number of guided missiles have been launched successfully against Communist targets in North Korea from the USS Boxer."

Waters, in an additional dispatch, placed the number already launched at four to six. His eye-witness account said the pilotless "suicide" plane he watched was a World War II Grumman, herded to its target by a guide plane. Its progress into the combat zone, he said, was watched on a television screen in a secret room aboard the Boxer, 150 miles from the target.

Two Guide Planes

The Navy announcement lacked many of the details in Waters' account, but gave this description:

1. The new missile, armed with a powerful warhead, is sent aloft from a catapult aboard the carrier.

2. There are two guide planes, one on the carrier and one in the air. Both are equipped with special electronic equipment.

3. The first guide plane sends the missile roaring skyward. At a pre-determined altitude, the airborne guide plane takes over and

President Quits Job In Lebanon

BEIRUT, Lebanon (AP)—Lebanon's President, Bechara el Khoury, resigned early today and the Army's commander, Gen. Fuad Shهاب, took over the presidential functions pending election of a new chief executive by Parliament.

Khoury's resignation came after a three-day general strike in Beirut the capital, called by opposition groups pressing for a cleanup of government "corruption."

President El Khoury was the first and thus far the only President of Lebanon. He was elected in 1943 after France ended its League of Nations mandate over the country and proclaimed its independence. He was re-elected for a six-year term in 1948.

Though an old-time patriot and fighter for Lebanese independence, El Khoury lost support in 1948 when he induced Parliament to amend the Constitution to permit his re-election. Since then, his once vast popularity has faded under charges of scandals and corruption leveled against him and his family.

Williams Campaigns, Attacks Fred Alger

(By The Associated Press)

Governor Williams continued his campaign trip through Northern Michigan today with a sharp verbal attack on his Republican opponent, Secretary of State Fred M. Alger Jr.

Williams, speaking at Iron Mountain, charged that Alger was "committed to destroying the Department of Economic Development," which the governor credited for helping Iron Mountain residents reopen the closed Ford Motor Co. plant in the Upper Peninsula town.

Stirred Up Riot

Alger, campaigning in southern Michigan, told a Kalamazoo gathering Wednesday that Williams' political interference in prison and parole affairs resulted in the Southern Michigan Prison riot last April.

The GOP gubernatorial nominee said that inmates "who had no pull" turned their sullen thoughts to open rebellion.

In Michigan's hotly contested senatorial race, Republican candidate Charles E. Potter accused incumbent Sen. Blair Moody of appearing as "a great liberal while at the same time subscribing to racial prejudice."

The 52-year-old senator from Alabama was referring to the breakfast meeting between Gen. Dwight Eisenhower, the Republican nominee for president, and Sen. Robert Taft last Friday.

"If Gen. Eisenhower should win, he might wear the crown but Gen. Taft would wield the scepter," Sparkman said.

"We've had plenty of generalizing from the Republicans already," the Alabama senator continued, "and I really don't know what the new general—Gen. Taft—will say, but he's issued a proclamation."

Taft's Major Campaign Talk Scheduled Here

Sen. Robert Taft's first major campaign address outside of his home state of Ohio in behalf of Gen. Dwight D. Eisenhower for president will be given in Escanaba Wednesday, Sept. 24, at a luncheon meeting.

The luncheon will be served in Knights of Columbus hall and Taft will speak from 1:30 to 2 p. m. His talk will be broadcast over an Upper Peninsula network, it was announced today by the Delta County Republican Committee.

Five hundred reservations for the luncheon will be available and reservations will be accepted in the order in which they are received.

Tickets may be purchased at Gust Asp's and the Sherman Hotel, or by telephoning Mrs. G. W. Traverser, Escanaba, or A. C. Peterson, Gladstone.

Taft is scheduled to arrive in Escanaba by plane at 11 a. m. and tour local industries prior to the luncheon at K. of C. Hall. His visits to industrial plants will be as extensive as his time will permit.

At noon he will appear briefly before the Upper Peninsula Federation of Women's Clubs in regional convention here, at their luncheon at the Delta Hotel.

From Escanaba Taft will fly to Benton Harbor, where he will speak, and then continue on to Detroit for another campaign appearance in Michigan.

Taft will come to Escanaba and to Michigan by arrangement of the Delta County Republican Committee, the GOP State Central Committee, and Mario Fontana, Iron Mountain, assistant chairman of the State Central Committee.

Land Sale Before Escanaba Council Meeting Tonight

Escanaba City Council in meeting tonight at 8 in City Hall with Mayor Robert E. LeMire presiding will consider the sale of 60 acres of city-owned land to Harnischfeger Corporation for industrial purposes.

Harnischfeger had informed the city it seeks additional land for expansion of its truck crane plant in Escanaba. Forty acres to the south and 20 acres to the north of the present plant are included in the area on which the city will open bids.

The Council tonight will also receive bids for gas plant equipment.

Other business scheduled includes the following:

First reading of an amendment to the appropriation ordinance providing for a special assessment revolving fund and purchase of a police car.

Hearing of objections to improvement, and setting a date for public hearing of objections to assessments for construction of a water main on North 20th St. from 8th to 11th Avenues.

Consideration of sending a delegate to Washington in connection with the city's electric utility problem; and consideration of representation at the Municipal Employees' Retirement system meeting.

Controlling Interest In Lake Central Line Is Purchased By WCA

WASHINGTON (P)—Arthur E. A. Mueller, chairman of the board of Wisconsin Central Airlines, announced today an agreement for the purchase of controlling interest in the Lake Central Airlines by Wisconsin Central.

The price was not disclosed. The agreement is subject to approval by shareholders in the companies and the Civil Aeronautics Board.

Mueller said the agreement includes the sale to Wisconsin Central of all Nationwide Airlines, Inc., rights in its application for service between Detroit and the Upper Michigan peninsula.

Lake Central routes radiate out of Indianapolis to Louisville, Cincinnati, Grand Rapids and Chicago.

Adverse Report
The Civil Aeronautics Board meanwhile heard arguments today on whether to allow Lake Central to continue its operations in Indiana, Illinois and Kentucky.

Also involved are the line's plans for expansion through Ohio and into Wisconsin.

Examiner R. Vernon Radcliffe on July 28 told the board that Lake Central, headquartered at Indianapolis, is not fit to operate any longer because he said its management had committed two serious violations of regulations.

He also said the line apparently "is in a very unhealthy financial condition."

Radcliffe a year ago recommended a three-year extension of Lake Central's operating permit. The line's certificate actually died at the end of 1949, but it has continued its service, pending the board's final decision.

The case was reopened earlier this year after a routine audit of the company's books by CAB officials.

The board already has heard testimony on proposals by Lake

Central and other lines for new and extended routes through Ohio and the Upper Peninsula over Lake Michigan to Green Bay, Wis.

Radcliffe has recommended rejection of all these applications.

The board has not yet ruled on the bids for new and extended routes. No further testimony was to be presented to the board on this aspect of the case, since it was reopened only on the question of Lake Central and Nationwide airlines' fitness to operate.

Nationwide is owned chiefly by John V. Weesner and his father, Roscoe, who also own controlling interest in Lake Central.

Drought Relief Hay Shipped Out

Relief for the drought stricken areas of the South was still being supplied this week by Delta county farmers as the 28th carload of hay was shipped to the parched farmlands of Tennessee and Mississippi.

In all, about 375 tons of hay have been sent from here to southern farmers to replace acres of hay burned by the sun in one of the most disastrous dry spells felt in the South.

The Delta county hay will be used as fodder for the farmers' livestock.

22 Farmers Ship

Since the shipment of the first carload Sept. 5, about 22 county farmers have loaded their hay in railroad cars at Ford River, Rock, Bark River, St. Nicholas, Gladstone, Rapid River, Cornell and Bark River.

What they are sending is mostly last year's harvest which is still in adequate supply in their barns, according to local Production and Marketing Administration official Mrs. Irene Blomberg.

Supervision of the hay shipment is under that office with which farmers apply for the sale of the hay to the federal government. The hay is then resold to the farmers at minimum equitable prices.

The relief program was inaugurated last month by the Department of Agriculture under the Commodity Credit Corporation to aid the farmers after the South was declared a disaster area. Local administration of the program is under the PMA.

\$22 for mixed hay.

To be classed as legume shipment, the top desired quality, the ton must include at least 75 per cent of alfalfa or red clover, Mrs. Blomberg explained.

The supply of available hay here is almost inelastic, she said, and Delta county could ship through the winter if calls for the hay continue.

"We don't know, however, when the farmers down there will have as much as they need. The requests may stop suddenly at any time," the local secretary-treasurer of the PMA added.

Hay First Judged

Shipments are also being sent from other parts of Michigan and many other areas of the country.

Delta county committeemen of the PMA who inspect the farmers' hay before it is contracted for shipment are Fred Brander of Rock and Conrad Herioux of Bark River Rte. 2.

After the hay is inspected and approved, farmers must transport it to the nearest point of railroad debarkation and load it themselves.

They immediately receive payment from the Escanaba PMA office which is later reimbursed by the superior office.

The destructive drought in the southern states began in June and continued through the entire month of July and into the first half of August. The farmers' relief program was started shortly after that to aid them in re-establishment of the productivity of their lands.

Two Given Hearing For Drunk Driving; One Is Dismissed

Hearing in the case of Lawrence Deno, 32, of Escanaba Rte. 1, charged with driving while under the influence of intoxicants following his arrest April 21 by Escanaba police, had his hearing continued yesterday in Justice Henry Ranguette's court.

When hearing is resumed the testimony of defense witnesses will be presented. Deno is at liberty on \$50 cash bond.

Bernard Buckland, 34, of Cornell, arrested March 15 by Escanaba police and charged with driving under the influence of intoxicants, had the charge against him dismissed yesterday following hearing in Justice Ranguette's court.

The charge was dismissed for lack of evidence. The prosecuting attorney was present during the hearing.

Lake States Logging Congress Opens Today

Busy Program Is Arranged By Committee

The Lake States Logging Congress opened this morning with registrations at the Delta Hotel, House of Ludington and exhibit building at the U. P. State Fair grounds. More than 1,000 delegates, wives and guests are expected for the three-day event.

Inspection tours to Escanaba's industries are scheduled this afternoon and a meeting of the board of directors of the Timber Producers Association, sponsors of the Congress, is scheduled at four o'clock.

Gov. G. Mennen Williams will arrive at 4:30 today and a reception in his honor will be held at the Delta Hotel.

This evening a Paul Bunyan smorgasbord will be presented at the House of Ludington.

Exhibit Area At Fairground

The exhibit area at the state fairgrounds will open at nine o'clock Friday and the general public is invited to attend at any time during the Congress.

The opening session of the Logging Congress will be held tomorrow morning at ten o'clock at the William Bonifas Auditorium. John Schueler of the Consolidated Water Power and Paper Company, Rhinelander, Wisconsin, will preside.

Mayor Robert E. LeMire of Escanaba will give the address of welcome and G. R. Connor, of Wakefield, president of the Michigan division of the Connor Lumber and Land Company, will give the response.

William Klunder, forestry and agriculture agent of the Chicago and North Western Railroad, St. Paul, will be a speaker. His subject is, "Getting Your Money's Worth."

The second session of the Congress will be at 12:15 tomorrow at the Sherman Hotel. Speakers will be Dr. Justin W. Leonard, research administrator of the Michigan Department of Conservation, and George Biondich, International Falls, Minn., president of the Minnesota Timber Producers Association who will discuss, "The Problems of a Logger."

Stock Car Races—Stock car races at the fairgrounds are an entertainment feature Friday afternoon, with time trials at 1:45. There also will be exhibitions of axemanship and sawing by John Erickson and Art Rajala, of Bigford, Minnesota.

The banquet session will be Friday night at the Knights of Columbus Hall. Featured speaker will be Kenneth W. Haagensen, director of public relations, Allis Chalmers Corporation, Milwaukee.

The Congress sessions will continue through Saturday morning and noon, with a huge parade scheduled for 2:30 Saturday afternoon. The parade route will be south on Stephenson Avenue from the Y to Ludington Street, east on Ludington to the park area, where the marching units will disband. The mechanized units will return on First Avenue South west to 19th street, thence to Ludington and to the fairgrounds on 23rd Street.

Red Prisoner Goaded To Death, Says Enemy

MUNSAN, Korea (AP)—The Communists today charged the Allies "persecuted to death" a Red prisoner of war Tuesday.

The protest was contained in letters exchanged by liaison officers at Panmunjom.

The Allies had announced a Communist captive was found hanging in the POW camp on Koje Island Tuesday. The U. N. said it was "apparently a suicide."

Briefly Told

Clinic Scheduled—The regular immunization clinic for children will be held Friday afternoon from 1 to 3 p. m., in the health department offices in the Webster school annex.

Orpheus Rehearsal—A special rehearsal of the Orpheus chorus will be held at 8:30 tonight in the music room of Escanaba Junior high school. All members are urged to attend.

Parish Serving Dinner—The Polish National Catholic church of Harris is serving a chicken dinner, family style, at the church Sunday, Sept. 21, beginning at 12 noon. EST. The public is invited.

Stamp Collectors—Escanaba Philatelic Society mid-month meeting will be held at 7 Saturday evening at the city hall council chambers. All stamp collectors are invited to attend.

Drivers Summoned—James Gascon, 18, of Escanaba Rte. 1, was ticketed by Escanaba police for speeding 45 miles an hour in the 1900 block, South 14th St., and Fred J. Boddy, 17, of 427 South 12th St., was ticketed for disobeying a stop sign.

Air Compressor Damaged—Escanaba firemen were called to the Brackett Chevrolet Company garage, Sixth and Ludington, yesterday morning where fire had caused \$125 damage to an air compressor motor.

Held In Jail—John Dionne, 41, a transient arrested by Delta county sheriff's officers after he

broke and entered a cabin in Nahma township Sept. 9, today had his case continued by Justice Henry Ranguette for hearing Sept. 30. Unable to supply \$500 bond, Dionne is held in jail.

Cite Phone Law—Effective Sept. 18 under Michigan law it will be illegal for anyone to fail to yield or surrender a party telephone line to anyone who wishes to summon police, the fire department, or medical aid in case of emergency. On conviction there is a penalty of \$100 fine, 90 days in jail, or both.

Menominee Polio—Mrs. Jacob Peters, 22, of Greenwoods (Menominee County) has been taken to Marinette General hospital for treatment of polio. The case brings the Menominee County total to nine, and the U. P. total to 87. No new cases were reported in Delta

County today. Delta county has had 33 cases since the current epidemic began in August. The three U. P. fatalities from the disease have come from Delta and Menominee counties.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

Blood Clinic Is Short Of Goal

With one day left for the four-day blood clinic in Delta county, the score today in donations stood at 183 pints. The goal is 330 pints and it is not expected to be reached.

One-half the blood received is allocated to national defense and the remainder to emergency cases in Delta county by the Michigan Department of Health.

Forty-one pints were collected at Gladstone, 70 were received in Escanaba Tuesday in the first day of the clinic here, and yesterday's procurement was 72 pints—bringing the total so far to 183 pints.

Today the State Health Department bloodmobile is at Garden community building, where the last clinic in the four-day series is being held.

The medical staff assisting the clinic here yesterday comprised Doctors Louis Groos, F. C. Anderson and Donald LeMire.

Mrs. Floyd Anuta and PTA units were in charge of the canteen. Mrs. Norman Anderson was in charge of the volunteer nursing staff, which included Mrs. Earl Theriault, Mrs. William Harrison, Miss Anita Kotila and Miss Phoebe Anderson.

Nurses aides were Mesdames Alma Bornman, Merritt Kassen, Roy Lee and Dale Polkey; and

Editorials—

Welcome To Escanaba, Loggers Of Upper Michigan, Wisconsin!

WELCOME to Escanaba, loggers of Upper Michigan and Wisconsin and guests.

Escanaba, a friendly city, is indeed happy to be your host on this occasion, your seventh annual Logging Conference. We know you will have a grand time in Escanaba and that your meeting will produce a lot of valuable information to help you meet your problems in the year ahead.

It is only natural that Escanaba should possess a special warmth for the logging industry because our community, like so many communities in the North, developed from the logging and lumber industries. Timber products have produced payrolls for our residents and have helped to build our schools, our parks and our community.

There is another reason why we are particularly happy to be your host on this occasion. The Timber Producers' Association emphasizes good management of our natural wood resources. We believe in that, too, as a means of assuring adequate and essential timber resources not only for today's generation but for the generations to come.

We are sure that you will be glad you selected Escanaba for your 1952 meeting. We are fortunate in possessing facilities particularly well adapted for your exhibits, your meetings, luncheon and banquet gatherings, and our wide and long main street is made to order for your gigantic parade Saturday afternoon. And, of greatest importance, the friendliness of Escanaba residents will make you feel at home—and perhaps you will want to come back for another convention in the future.

Sen. Taft Will Visit Escanaba

THE announcement that Sen. Robert Taft will visit Escanaba next week as a part of his participation in the Republican campaign to elect Gen. Eisenhower to the presidency is big news for Upper Peninsula Republicans.

Sen. Taft will be in Escanaba several hours and he is the first big name in a presidential campaign to come to the Upper Peninsula since Henry Wallace made a fast trip through the peninsula as a Democratic vice presidential candidate in 1940.

Sen. Taft, often referred to as Mr. Republican because of his leadership of the Republican party in Congress, will give the Republican organizations in the various Upper Peninsula counties a tremendous lift in their political work. His appearance in Escanaba shows that the Republicans this year are not going to make the mistake that was made in 1948 when they thought they had the election in the bag.

The selection of Escanaba for Sen. Taft's Upper Peninsula meeting is, of course, particularly appropriate. Escanaba is not only centrally located within the Upper Peninsula but it is the county seat of a county that has fallen to the Democrats for 20 years. This may be just the help that the Republicans need to land Delta County—and some of the adjacent counties like Alger County, also traditionally Democratic, in the Republican column in November.

The Doctor Says Many Treatments May Be Needed To Banish 'Burning' Tongue

BY EDWIN P. JORDAN, M.D. — Written for NEA Service

Unpleasant sensations for which it may be difficult to find a cause or cure are among the most distressing things which can afflict mankind.

Q—For the past several months I have been suffering at intervals from burning tongue. I have been treated for anemia with no appreciable results. My general health otherwise is quite good. What do you advise?—H. S.

A—The cause of a sensation of burning of the tongue may be difficult to find. Irritation from rough or unclean teeth can be responsible. Electric currents from unlike fillings of the teeth may also cause this condition.

Slight infection which does not show much of anything on the tongue is another possibility. Smoking, or irritating foods, or drinks may also be considered. Vitamin deficiencies are sometimes responsible.

The tongue reflects the condition of the digestive tract to some degree, and so this is another possibility. In fact, there are several other possible causes and it may be necessary to try one kind of treatment after another before this unpleasant sensation can be banished.

Q—I should like to know if a low forehead indicates a low I. Q. It seems that in any description of a stupid character in

Escanaba residents will make you feel at home—and perhaps you will want to come back for another convention in the future.

Revitalized ROK Army Holds Promise

THE recent strong showing of South Korean forces on the central front in Korea is heartening news. The troops involved were, of course, the crack Capitol Division, of whom much is expected. But the performance nevertheless was good for South Korean morale generally.

It was good for more than that. Gen. James A. Van Fleet, commander of the American Eighth Army in Korea, has been engaged for months in an intensive program to train and re-equip the entire South Korean army so it may one day stand on its own feet in the defense of its soil. The South Koreans need to see evidence that they can do this, even on a limited sector of the front.

After more than a year of fruitless peace negotiations at Kaesong and Panmunjom, none of the Western nations looks with optimism upon the Korean situation. Wishing neither to widen the war nor to pull out, our leaders have allowed themselves to become enmeshed in apparently endless and pointless proceedings at the council table.

About the most positive thing that has developed in recent months is our repeated insistence upon truce talk recesses so long as it is evident the Reds do not intend to discuss terms seriously. This keeps alive the machinery for negotiation without reducing our truce team to a mere captive audience for Red propaganda.

Since these talks have proved so thoroughly unproductive, their sole important effect has been to dampen military activities and create a stabilized, if not a stalemate, front. Perhaps that is the way the Communists want it—a stability that does not drain Chinese and North Korean and Russian substance too heavily but yet keeps us occupied, denying us the opportunity to ease off in manpower and materiel.

If that is the Red aim, there is no way we can extricate ourselves from the dilemma it poses except to find adequate substitute for the American and other Allied forces now holding the line. That's where Van Fleet and his South Korean training program comes in.

The one big hope for us at the moment in an otherwise dismal situation is that the South Korean army may become a truly formidable force. If it does, then the South Koreans may be safely entrusted with the future defense of their own country, and our land, air and sea divisions may be largely freed for other services or to return to normal civilian pursuits.

It would be unrealistic to imagine the South Koreans at the best could take care of their own equipment needs. These we shall most certainly have to fill, even if there is not an American soldier on Korean soil. But this would be a relatively small burden compared to what we are bearing today.

Questions and Answers

Q—What is the origin of the word hammock?

A—It is said Peruvian and Brazilian natives used the bark of the hammack tree to form nets suspended from trees in which they slept. They called these hanging beds hamacas.

Q—What is the obverse of a coin?

A—That side of a coin or medal which bears the principal design. For example, the side of a Lincoln penny that bears the image of Abraham Lincoln.

Q—What is a description of the Flag of Truce?

A—It is a plain white flag.

Q—What traditional ruler of Ethiopia is mentioned in the Bible?

A—The Queen of Sheba, of whom the Bible speaks, once ruled the country.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—A careful Republican diagnosis of votes in 12 key states indicates that the Negro vote can probably swing the election either for or against Eisenhower. This may explain why the general recently stated that he might appoint a qualified Negro to his cabinet.

The survey was made by experts in connection with the GOP advertising plan to use about \$2,000,000 worth of radio and TV spots during the last three weeks of the campaign in 49 counties of 12 key states.

This was behind General Eisenhower's taking time to make half a hundred radio and TV "spots" in a New York film studio last week immediately after his breakfast with Senator Taft. The spots consisted of questions asked of Eisenhower and his replies, and these will be played back to the public during the wind-up of the campaign in mid-October. Big advertisers friendly to the Republicans are being asked to relinquish their time spots for this purpose.

The survey which led to these recordings is extremely significant. It shows that, in 12 key states, a change of 1 or 2 per cent of the vote could swing the election either Republican or Democratic.

The secret GOP survey follows:

PROGRESSIVE VOTE IMPORTANT

"Every one of these states with the exception of Pennsylvania (R) and Wisconsin (D) finished in an extremely close fashion in 1948. In the case of 6 of these states, credited to the Dewey column, the shift resulting from no progressive vote would throw the states back to the Democrats.

"The fact that these states are concentrated geographically as they are, helps implement this plan (of saturating the airwaves with TV and radio spots). Steps taken in one state will not be confined to the state itself, but will overlap.

"A look at each state shows:

"Connecticut—three strong Democratic areas centered around New Haven, New London and Hartford. A shift of 2 per cent in the vote of these areas would insure Republican victory.

"Maryland—Senator Tydings (D) got beaten here not so much because of Senator McCarthy's campaign, but because he lost the Negro wards in Baltimore (20 per cent of the city's vote).

"New Jersey—went Republican in 1948 but not by an overwhelming margin. The Hudson county machine still functions, and, with the Taft-Driscoll split in the state, could cause trouble. The Negro vote is an important element here too.

SLIM N. Y. MARGIN

"New York—went Republican by only 60,000 in 1948 while the Progressive vote was over 500,000. It is a truism in this state that, if the Republicans leave the city limits with more than a 200,000 handicap, they are in trouble. The Negro and Jewish votes are vital, but FEPC endorsement alone is not the answer.

"Pennsylvania—went Republican but not by a substantial margin in 1948.

"Ohio—Taft was successful in cutting into the labor vote in Cuyahoga (Cleveland) and Mahoning (Youngstown) counties in 1950. The Republicans must duplicate the feat again in '52 to win the state.

"Indiana—went Republican by a bare margin in 1948, and again a rising Negro vote is extremely important, as is the farm vote all over the state. The Gary labor vote is uncertain, probably will be more heavily Democratic this year as a result of the Truman withholding of Taft-Hartley in the steel strike.

"Michigan—another state that the return of the Progressive vote could put in the Democratic column. Depression in the Detroit auto industry as well as a tight gubernatorial and senatorial race won't make the picture any easier. A very, very important Negro vote in Detroit, which Williams and Moody have of course catered to. Democratic strength is here, in Bay City and Flint, as well as Grand Rapids.

CALIFORNIA DOUBTFUL

"Illinois—here is one of the toughest for the Republicans to take. Stevenson's home state, which went barely Democratic in '48 must be taken. The key to taking the state is Chicago's Negro vote as well as getting as much of the downstate farm vote as possible.

"Wisconsin—here is one many analysts figure belongs to the Republicans on the basis of 1940 and 1944 returns. Not so, since these votes were an expression of Wisconsin's pro-German, anti-British feeling. It is purely and simply a question of slugging it out on the various issues.

"Iowa—this is the one that hurt, a farm state that went Democratic by 1 per cent. Democratic strength is all over the state, not bunched, can be found in nine major areas.

"California—Governor Warren has stated this will be a tough fight and he's right. Despite Warren's personal popularity in the state, it has steadily gone Democratic for the past six elections. Nixon doesn't seem too much stronger a candidate.

Into The Past

10 YEARS AGO

Washington—Sec. of State Hull disclosed today that Myron C. Taylor has resumed his mission as President Roosevelt's personal representative at the Vatican and would remain stationed there for sometime.

Escanaba—George Labre, former Escanaba High School basketball player, who now is with the U. S. Secret Service, has the pleasant task of guarding three of the grandchildren of President Roosevelt. Labre is one of eight Secret Service men assigned to guard the Elliott Roosevelt family in Fort Worth, Texas. Labre, who has been on this assignment since last December, graduated from Michigan State College in 1941, after which he joined the Secret Service.

New Air Force Base 'Sails' Its Way From Norfolk To Greenland

CLUTTERED DECK OF FREIGHTER is loaded with a miscellany of earth movers, bulldozers, graders and other heavy construction equipment to build the big new U.S. Air Force Base in Greenland.

By DOUGLAS LARSEN

NORFOLK, Va.—(NEA)—With partial security wraps just removed from the vitally new strategic Thule Air Force Base in Greenland, the story of the key role played in that project by the Hampton Roads Port of Embarkation can now be told.

It has been called the "nest" for "Operation Bluejay," code name for Thule.

Even to the residents of the Norfolk area, used to the highly secret comings and goings of the Navy fleets based here, the activity of Hampton Roads since its reopening in May, 1951, has been a deep mystery.

In reactivating this famed World Wars I and II Army port to support Operation Bluejay, the Army Transportation Corps has made it into one of the most modern facilities of its kind in the country. And under a cloak of secrecy it has become one of the country's biggest ports on the basis of tonnage handled.

For months after the Army moved in, persons in the area watched with awe as almost unbelievable amounts of all kinds of material and equipment piled

up on the acres of open storage space and in the big warehouses.

Then they were more puzzled to see it all melt away in a few weeks as fleets of eight to 10 ocean-going ships at a time, being loaded day and night, carried it off.

This build-up and sudden removal of cargo will continue.

The cargo included long rows of giant cranes, fleets of huge earth-moving machinery and 50-ton trucks, giant rock crushers, enormous packages containing pre-fabricated buildings, stacked upon stacks of heavy steel beams, innumerable steel fuel storage tanks and sky-high mounds of odd-shaped crates and packages.

When the Joint Chiefs of Staff decided soon after the start of the Korean fighting to go ahead with Operations Bluejay as a major new strategic outpost against Communist aggression, they were faced with some unique problems.

First, because of the barrenness and lack of industry on Greenland, everything from concrete for the runways to ketchup for the workers had to be shipped

in. Further, enough material had to be moved in during a few weeks in the Summer to keep the big project going for a whole year, because the waters around Greenland are frozen most of the time.

Although supplying Thule with workers, troops and materials is the major mission of Hampton Roads, it is also used extensively to support American forces in Europe.

Each of its two large, modern piers has three depressed railroad tracks for fast transfer of heavy cargo. The port facilities include 28 miles of railroad track and 2,000,000 square feet of warehousing space.

The actual shipping job is done by the Military Sea Transportation Service. Ships sail from here individually as they are loaded, then rendezvous somewhere in the North Atlantic and cover the last leg of the cold journey through the Baffin Bay-Davis Strait area to the Arctic Circle in convoy behind Navy icebreakers.

The last ship of the season sailed for Greenland early in September in hope of getting through with one last load before the ice pack closes in for the season.

Maj. Gen. Frank A. Heileman, Army Chief of Transportation, claims that "without the logistical support which we have provided here, the great Thule base would still be on the drawing board instead of in its present advanced stage of construction."

So They Say

We follow the definite pattern of do it with bullets and not with flesh. We save every boy we can.—U. S. Eighth Army Commander Gen. James Van Fleet.

We get all our painting from France, all our music from Germany, all our dances from America. This is called being broad-minded. Only the foreign is good.—Ralph Vaughn Williams, dean of British composers, criticizing his countrymen as "first-rate artistic snobs," when addressing a music conference.

I can't act, but they can't fight.—Ex-heavyweight champion Joe Louis, in training for a movie based on his life.

Good Evening...

By CLINT DUNATHAN

AN EARLIER DAY—Folks of the Rapid River area are to be credited for their good sense in saving pictures of their early logging days in Delta county.

Those photographs are now on display in a window of the Fair Store in Escanaba, depicting their own interesting story of the days when logging was a hard and hazardous business and enterprise still appealed to the soul of the adventurer.

The display was arranged by Charles Follo and Atty. William E. Anderson of the Delta County Historical Society, and the pictures were supplied through the courtesy of a number of Rapid River persons.

Mrs. Murray Cole of Rapid River first saw their crowd-drawing appeal, displayed them at the Cole grocery store there, and assembled them for a Historical Society program at Rapid River in late July.

OF SPECIAL INTEREST—Attention of delegates to the Timber Producers Association Logging Congress now in Escanaba is directed to the Historical Society display of old logging scenes.

Many of the younger men in the logging industry will never, except by such old photos and the tales of the oldtime lumberjack, know the conditions under which the pine and the hemlock and maple were produced.

That was before the days of the tractor, the bulldozer, steam jammer and logging truck. Then the oxen and the horse did the skidding, teams raised the logs to the sleighs, roads were carved out by hand, and transportation was down the swollen rivers in springtime freshet.

SAVING THE PAST—Not many people have the knowledge necessary to write authoritatively of the old lumbering days.

Many a novelist, wanting to recreate scenes in the lumbercamps, on the rivers, and in the mills must turn to those who know.

Not so with Carl J. Sawyer of Escanaba, author of "A History of Lumbering in Delta County." His information was acquired firsthand. He knows the woods and the lumber industry from personal experience.

This should not discourage today's amateur historians from their efforts, however, for the authentic story of the past can be written from what they preserve today.

KEEP IT ALL—Indicating the growing interest in preserving the articles of historic interest in our community is the increasing number of items being received by the Delta County Historical Society.

The latest offering is a pair of ice skates, perhaps 60 years or more old, and worn by the late Ole Thorsen of Wells when he was a boy. They were found in his effects and offered to the Society for preservation—the first article of that type received by the Society.

Old letters, photographs, booklets and records in connection with the Delta community are all more important to the historian than most people understand. Diaries kept by persons who once lived in Delta county are an invaluable source of information.

SOMETIME THE MUSEUM—The mounting interest in local history, clearly evidenced by the continuing success of the Delta County Historical Society, will lead inevitably to the establishment of a museum.

This may yet be years in coming. There are costs in connection with such a project which must be carefully considered. The project cannot be undertaken without adequate financing.

Meanwhile smaller articles of historical significance are being received and housed in Carnegie Public Library at Escanaba. Old photos, books, letters—there is space for these. But a museum building would be required for adequate housing and display.

Power With Words

READERS ASK QUESTIONS

Miss P. J., Morikantown, W. Va.—The precise distinction between fruits and vegetables is that the former consists of the ripened seed vessels of a flowering plant or their contents, and the latter consists of the edible portions of herbs, such as the roots of carrots, beets, and turnips, the tubers of potatoes, or the foliage of lettuce, celery, or cabbage. Thus, not only do watermelons, cantaloupe, squashes and tomatoes, about which you inquire, fall into the classification of fruits, but so do the seed-bearing vessels of the trees, including nuts, and those of wines and grains. Popular usage, however, follows a different system: Fruits are the fleshy and juicy plant products that, when ripe, are edible without cooking; vegetables are those plant products that are usually cooked before they are eaten. But this classification is by no means exact.

P. W. C., Muskegon, Mich.—The abbreviations for morning and evening may be capitalized or not, according to the preference of the writer; that is, either A. M. or a. m., and P. M. or p. m. But the abbreviation A. D. for anno Domini, "in the year of the Lord," is always capitalized.

J. H. N., Reno, Nev.—In the United States, the past tense of the verb eat is ate, pronounced to rhyme with late. In England, the past tense is usually spelled ate, though sometimes eat; but in either case it is pronounced to rhyme with let.

Chicago—"Is there such a word as much-ly? If so, is 'muchly superior' good usage?"—Miss C. B.

Answer—As much is itself an adverb, as well as an adjective, it is unnecessary to give it a second adverbial form. However, muchly is sometimes used jokingly now, and was used seriously three centuries ago in the sense of much or exceedingly.

B. M. C., Buffalo, N. Y.—Leave, in the sense of to depart from, is much older than quit, in the same sense, and is used by the best writers and speakers.

Studio Sues Lanza For \$700,000 Flop Of 'Student Prince'

HOLLYWOOD (AP)—MGM has cancelled production of "The Student Prince," starring Mario Lanza, and says it will sue the singer for \$700,000 it claims to have invested in the venture.

A spokesman said yesterday that Lanza failed to appear for the start of the film Sept. 3 and that the production was dropped the next day.

A studio statement said that Lanza, after being notified of the abandonment, requested and was granted a conference with studio officials. Lanza asked the studio to reconsider. The studio declined but suggested a later meeting. Again, the statement said, Lanza failed to make an appearance.

Pope Pius Gives Code To Doctors

CASTEL GANDOLFO, Italy (AP)—Pope Pius XII says medical research must take into account the interests of the patient, the community and medical science itself before experimenting with new treatments on living persons.

The Pontiff, speaking to 300 brain and nerve surgeons attending the first International Congress of Histopathology (the medical science dealing with the tissues), outlined a moral code for doctors and medical researchers. The address was published yesterday in L'Osservatore Romano, the Vatican newspaper.

Such a code, he declared, would prevent medical science from causing damage "which could never be compensated by the good" it is attempting to do.

"It is an evident law," the Pope said, "that before applying new methods on living men, research on bodies should be performed or the method of experimenting on animals used."

He admitted however, that some-

times this is impossible. There can be cases, he added, "when a new method, still insufficiently proved, offers, with dangerous elements, appreciable chances of success. If the patient agrees, the application of this process is licit (permitted), but this cannot be made into a line of conduct for normal cases."

The Pontiff said a doctor has only so much power over his patient as the patient grants him, and the patient has no right to commit "his physical and psychological integrity in experiments or medical research when these interventions would involve through themselves or after they have been performed destructions, mutilations, wounds or serious dangers."

Course In Puttering Given At Institute

RICHMOND, Va. (AP)—Richmond Professional Institute is offering a course this year in "puttering."

A part of RPI's adult education program, it's intended to teach men and women how to putter around the house to better effect. Among other things, the course includes basic fundamentals of electricity, plumbing, woodwork, use of tools, minor home repairs—and how to stay within the family budget.

Illness Fatal To J. E. DeGrand

Joseph E. DeGrand, 72, of 620 S. 18th St., died at his home Wednesday afternoon. He had been suffering from a liver ailment the past six weeks.

Born in Brussels, Wis., April 20, 1880, he came to Escanaba as a youth to make his permanent home. He was a truck farmer until his retirement ten years ago. He was a member of St. Ann's Church and the Holy Name Society.

He married the former Marie Villeneuve, who survives him, Sept. 24, 1912.

Other members of the family are the following sons and daughters: Charles, Donald and Elaine at home; Robert and Francis, Escanaba; Mrs. A. F. (Celeste) Van Remortel, DePere, Wis.; Ralph, Union City, Ind.; and Gerald, Menominee. He also leaves nine grandchildren and four brothers and one sister: John E., Escanaba; Ferdinand, Ford River; Frank, Cornell; Alfred Racine; and Mrs. John Hubert, Manitowoc.

Funeral services will be held at 9 a. m. Saturday at a solemn requiem high mass at St. Ann's Chapel and burial will be in Cross Cemetery. Friends may call at the Alto Funeral Home beginning at 2 p. m. Friday. Daughters of Isabella will recite the rosary at the funeral home at 4 p. m. Friday and the general recitation will be at 8 p. m.

Auto Workers Want Raise From GM

called annual improvement factor — to 5 cents.

More For Pensions

2. Adding 21 of the 26 cents an hour gained in cost-of-living adjustments since the pact was signed to base pay. This would mean that only 5 cents could be taken away if the cost-of-living dives sharply between now and May, 1955.

3. Adjusting pensions of G. M. workers who have retired under the contract to give them the same purchasing power they had when the agreement was signed. The union did not say how much of a raise would be needed in the current maximum of \$125 a month, including social security.

Navy Introduces Robot Plane War On Korea Targets

(Continued from Page One)

directs the missile to the area of its target.

4. By the time the missile goes into its payoff dive, the guide plane is miles away out of anti-aircraft fire.

5. All during its flight, from the carrier deck to the target, the missile records its progress via telecast in a specially equipped electronics room aboard the ship.

The Navy announcement said the Boxer has been using an AD2 Sky-raider (Douglas attack plane) as the guide craft in its first such attacks.

Crash To Oblivion

The first operational team—five officers and seven enlisted men headed by Lt. Comdr. Lawrence A. Kurtz of Washington, D. C.—is Guided Missile Unit No. 90. The unit trained at the Naval Air Development Center, Johnsville, Pa. The Navy would neither identify the targets nor assess the damage inflicted.

Waters was struck with the way electronics experts aboard the carrier "rode with the missile, mile by mile, through wondrous electronic instruments."

On the television screen, he said, the men crossed the Sea of Japan and watched the jagged peaks of Korea loom larger. He said tension in the room mounted as the target neared.

Then the target—"an enemy concentration in a valley between two shadowy hills." And then:

"... The instruments suddenly went blank. The screaming dive had ended, squarely on target, and the missile had crashed to oblivion."

The heavily censored description of the new missile shows it to be apparently as far a cry from other guided missiles now in use.

Helicopter Sets New Non-Stop Record

NIAGARA FALLS, N. Y. (P)—A Texas test pilot's 1,234-mile hop to Niagara Falls yesterday broke every known non-stop distance record for helicopters.

Elton J. Smith, 31, of Ft. Worth, covered the distance from his home town in 12 hours, 57 minutes and 30 seconds, flying a Bell Model 47D-1. Auxiliary tanks boosted the craft's fuel capacity from the normal 30 gallons to 187.

Beaver Dam Break Derails Train At Munising Junction

MUNISING, Mich. (P)—A broken beaver dam caused the derailment of two Diesel engines pulling a 39-car freight train.

The wreck occurred yesterday at Munising Junction southeast of here.

A sand fill under a short stretch of the Duluth South Shore and Atlantic Railroad track gave way after the nearby beaver dam broke and 30 feet of backed up water washed it out.

Three trainmen saw the land giving way and avoided injury by jumping just before the two engines toppled over. The ore-laden cars remained on the track.

The railroad said it would take a week to ten days to repair the damage. Meantime, trains will be routed over Lake Superior and Ishpeming Railroad tracks.

Chief Soviet Delegate To U. N. Will Live In Million-Dollar House

MINEOLA, N. Y. (P)—A 38-room mansion built at a cost of a million dollars for a former governor of New York will be the home of Valerian Zorin, newly named chief Soviet delegate to the United Nations.

The Long Island estate at Upper Brookville was bought by the Soviet government for \$80,000, according to the deed recorded in the Nassau County clerk's office, it was revealed yesterday.

The two-story red brick Georgian-type mansion once was owned by Nathan L. Miller, who was New York governor from 1921 to 1923.

Beautiful Cuban Lady Wrestler Is Suicide

HAVANA, Cuba (P)—A preliminary court today listed the death of 19-year-old Robaina Morejan, a beautiful Cuban lady wrestler, as a suicide.

The shapely, 105-pound girl died shortly after she was found in a gas-filled room yesterday. Police said she left a letter saying she felt "very much alone and disappointed in love."

Wall Street

By RADER WINGET
NEW YORK (P)—Stocks sagged today in a quiet market.

Trading was at a rate of less than a million shares for the entire session. Yesterday's total was right on a million.

Major division of the list showed: Railroads lower, oils unchanged to lower, air lines steady, utilities mixed, copper's mixed, chemicals mixed, steels mostly lower, motors unchanged to higher, rubbers mixed, aircrafts a trifle higher, and radio-television steady.

Lower were Katy Common, Baltimore & Ohio, Bethlehem Steel, American Telephone, Gulf Oil, Anaconda Copper, and General Electric.

Higher stocks included Santa Fe, General Motors, Kennecott Copper, Goodyear, American Cyanamid, Paramount and American Tobacco.

NROTC Exams To Be Dec. 13

Application forms for high school seniors and graduates, within age requirements, who desire to take the nation-wide competitive examination for the U. S. Naval College training program are available at Escanaba Senior High School.

The test will be given Dec. 13, George Ruwitch, assistant superintendent, states. However, application forms must be at Princeton, N. J., by Nov. 22. The tests will be given in Marquette, Ironwood and Sault Ste. Marie in Upper Michigan.

This is the seventh nation-wide competitive examination scheduled by the Navy. The Navy expects to enter about 2,000 students into the training program, beginning in the fall of 1953.

Picked by Committees

In past years, Wayne Sundquist, student at Northwestern university; Dean Shipman, student at Holy Cross college; David Zerbel, University of Michigan student, and Charles Wickman, also at the University of Michigan, have been among successful Escanaba applicants.

Successful candidates are given a four-year college education at government expense and will be commissioned as officers of the Navy or Marine corps upon graduation.

The program is open to male students 17 to 21 years of age, and quotas have been assigned to each state and territory, on the basis of its high school population.

Students who pass the aptitude test will be interviewed and given physical examinations. If they are qualified in all respects, their names will be submitted to state and territorial selection committees composed of prominent citizens and Naval officers.

52 NROTC Units

Those selected by these competitive examinations will be assigned to 52 Naval Reserve Officers Training Corps units located in various U. S. colleges and universities. If accepted by the college, they will be appointed Midshipmen, U.S.N.R., and will have their tuition, books and normal fees paid by the government. In addition, they will receive pay at the rate of \$50 per month for the four-year period.

Upon graduation, they may be commissioned officers in the regular Navy or Marine Corps and required to serve on active duty for three years.

The Navy and Marine corps obtain most of their officers from the Naval Academy at Annapolis, Md., and the NROTC units established in leading colleges and universities. NROTC students pursue the normal college curriculum of the institution where they are enrolled, and in addition study certain Naval Science subjects and participate in drills and cruises.

Four-Point Korean Peace Plan Given To Churchill By Quakers

LONDON (P)—British Quakers say they have sent Prime Minister Winston Churchill a four-point plan for peace in Korea.

The plan announced by the 20,000 strong organization calls for an immediate cease-fire based on agreements so far reached in the truce negotiations. The thorny prisoner-of-war question would be taken over by either "a commission representing a few Asian governments in which both sides have confidence or a mixed commission of two appointed by each side."

The plan called also for "full use" of India's good offices in all peace negotiations and for each side to stop press and radio statements "imputing evil motives to the other side."

Two Delta Women In New Practical Nursing Class

Two Delta County women, Miss Rita Hemil of Escanaba and Miss Eleanor Moraski of Schafter, are among the 24 students registered for the new practical nursing class which has begun study at Marquette.

The class, 14th since the program was inaugurated, is taught by a graduate, professional nurse. The program of study consists of nursing arts and skills, simple medications, the body in health and disease, child care, mother and infant care, hospital ethics and poise and behavior.

Loretta Ann Hinkson of Manistique also is among the new students enrolled.

One man, John P. Leaman, of Highland Park, Ill., is among the new students. He is the third man to enter the PN course at the Upper Peninsula Center for Practical Nurse Education in Marquette.

Following four months of foundation training, practical nursing students are assigned to various cooperating hospitals in Upper Michigan for an affiliation period of seven months. Certificates designating graduates "Licensed Practical Nurses" are given upon successful completion of the work.

The one-year course is open to both men and women 18 years of age and older. The course also includes training in nutrition, home management and diversional activities.

New Class In February
"There is a great demand for male practical nurses in federal and state institutions, as well as in local hospitals throughout Michigan," Miss Elizabeth Vickers, director, said.

New Polio Cases Hit Record Again

WASHINGTON (P)—The public Health Service reported today that the number of new cases of infantile paralysis in the United States has hit a record high for the fourth straight week.

The agency listed 4,032 cases in 47 states—New Mexico was missing—during the week that ended Sept. 13. There were 3,824 new cases the previous week, including 29 from New Mexico.

Usually, incidence of polio starts to drop in September.

The total for the "disease year" which started with the week ending April 5 reached 30,071 up to Sept. 13, more than 2,000 more than the total of 28,060 listed in the record year of 1949.

Michigan's total of polio cases reported since Jan. 1 is 1,995, third behind Texas with 3,462 and Iowa, 2,033.

Midwestern States Lean Republican

(Continued from Page One)

puzzle that no pronounced slant either toward Stevenson or Eisenhower is apparent at this time.

That leaves Minnesota, Indiana, Michigan, and Ohio on the doubtful list.

The political almanacs of the editors indicate all four are leaning Republican, but by exceedingly slight edges in Minnesota and Michigan.

Going Republican would represent a political about-face for Minnesota and Ohio, which turned up in the Democratic column four years ago. For Ohio, it actually wouldn't be much of a change, since the Buckeye state favored Truman by a mere 7,000 votes out of nearly three million cast.

The reasons underlying what Midwestern newsmen regard as evidence of a trend-of-the-moment toward the GOP largely are those heard in other regions. They say people are talking about: (1) a clean up and a clean out in Washington, (2) time for a change, (3) high taxes, (4) inflation, and (5) Eisenhower's personal popularity.

Wary Of Military

But in the midwest, the editors say it still is too early to tell what will happen in many states in November because of such factors as:

1. A wariness, in traditionally isolationist areas, of Eisenhower's military background. Editors mention that especially in North Dakota, Nebraska and Wisconsin.

2. Wide disagreement as to where the farm vote will wind up eventually, in states like North Dakota, Minnesota, Wisconsin and Missouri.

3. Continued resentment at spots in Nebraska, Indiana, Illinois, and Wisconsin that Eisenhower, rather than Sen. Robert A. Taft of Ohio, won the Republican presidential nomination. Editors who said they found this resentment had made their surveys before the Eisenhower-Taft harmony meeting in New York last week.

Highway Contracts Are Awarded Here

Bids on three road jobs were opened Tuesday in the State Highway department office here, and contracts were awarded to the low bidders.

Thornton Construction company of Hancock was low bidder on grading and drainage structures and aggregate surface course on 2.65 miles of the access road from U. S. 41 at Central to the A. C. and W. Station P16 Mt. Horace Greeley on route 922 in Keweenaw county. The Thornton bid was \$48,571.18. Other bidders were Bacco Construction company of Iron Mountain, A. Lindberg and Sons, Inc., Ishpeming, and Prokesh Construction company, Iron River.

Record Tourist Year Reported

Ideal summer temperatures and natural recreation advantages, backed by twenty-five years of publicity and advertising, made 1952 the busiest and most successful tourist season in the Upper Peninsula's history.

That's the word sent the Upper Peninsula Development Bureau today by resort operators and Chamber of Commerce managers from all parts of the 15-county area.

State park attendance reports, together with traffic counts at the Straits of Mackinac and the Michigan Highway Department's tourist information lodge at Menominee back up reports of an all-time peak year in travel and resort industry. Those three barometers accurately reflect upturns in the number of visitors entering the Peninsula and using accommodations set up for their convenience.

The tourist dollars brought into the Peninsula this summer benefited more people than those usually associated directly with the industry, such as resort proprietors, hotel operators and gasoline station owners.

Traffic at the Straits of Mackinac, far above any previous figures, was reported 16.7 percent over the number of crossings for 1951—the record year. From January 1 to September 9 a total of 596,470 vehicles had been transported between St. Ignace and Mackinaw City by state-owned ferries. For the same period a year ago, the total was 511,164.

Highway Department employees at the Straits now keep a check on the number of adults and children riding cars onto the ferries. Last year the totals were 761,661 adults and 83,660 children; this year they're up to 871,348 and 115,117. That's in addition to the drivers of each car.

John Daly, tourist information lodge supervisor at Menominee, reports that 20,894 cars stopped there this year as against 19,028 up to this time in 1951. The number of cars stopping at the lodge is only a small percentage of the total traffic from Wisconsin crossing the inter-state bridge into Upper Michigan.

Peas, beans and lentils fall short of meat in the quality of protein they possess, but if they are served with eggs, milk or cheese, they can take the place of meat in the meal, say Michigan State College nutritionists.

Talking Animal Director Batty

By BOB THOMAS
HOLLYWOOD — The casting director for a forthcoming picture is going quietly batty these days. Reason: all the main players are animals, and they all talk!

When I was told about the film I thought my informant was pulling my leg. But he assured me that this was the real McCoy and that the picture, "First of April," will start soon at 20th-Fox. I was invited to come out and talk to director Al Rogell, the perpetrator of the project.

I found Rogell to be a perfectly sane individual. In fact, he was a hard-headed veteran of 30 years of movie making. That's why I was a little awed when he told about the wacky movie.

Dog Describes Scene
"It's very simple," he remarked. "We're doing the picture from the viewpoint of animals. In the beginning, we'll see a beautiful shot of Kentucky and hear a Damon Runyon-type character describing the scene. In a few moments, we discover who's doing the talking. It's a dog."

The dog isn't the only one that talks. There is also the thoroughbred horse that plays the leading role. "First of April" has nothing to do with April Fools Day, you see, though well it should. The leading horse actor is first-born of a champion mare named April.

Besides "Firstie," there's his sweetheart. She's a white horse with brown mane and tail. With her light brown hair, she's naturally called Jeannie. Other speaking parts include a cat, a goat, a duck and several other horses.

There's a stable scene in which various race horses are discussing their triumphs. One Argentine champion speaks Spanish. He is berated by a colleague: "Here you've taken a hundred thousand dollars out of this country and you can't even speak the language!"

Humans Jabber Gibberish
A French poodle will also be featured. Of course, the dog speaks only French. So there will be English titles on the screen just as in a foreign movie.

About the human actors—there are only about four small parts for them.

"And when they speak, it'll sound like a double-talk gibberish," said Rogell. "It makes sense that if we can't understand how animals talk, they couldn't understand us."

Grandfather Is Accident Victim

PERKINS—Mr. and Mrs. Gus Kline Jr., received word that his grandfather, Charles Thonholdt, of Merrill, Wis., was killed by a car on a street in Merrill Saturday evening. Mr. Thonholdt, who was 94, was returning from a show, accompanied by his daughter, who had left him near his home. The Klines left Tuesday to attend funeral services.

CYO Meeting

Reward For Catching Store Robber Comes High In Ice Cream

RICHMOND, Va. (AP)—C. G. Winston helped catch a holdup man at High's ice cream store here just 221 days ago.

The company, as a reward, promised that for a whole year Winston's three sons—Kenneth, 5; Stephen, 7; and C. G. Jr., 8—could have all the ice cream they wanted—free.

With many more days of free dessert to go, the Winston boys have consumed 2,197 ice cream cones. Unfortunately for the company they live only 92 paces away.

Total cost of the free ice cream to date—\$203. Total the thief would have gotten away with if Winston hadn't nabbed him—\$40.

Jewish New Year Observance Begins Friday At Sundown

The Jewish New Year, Rosh Ha-Shana, will be ushered in beginning Friday evening, Sept. 19, at sundown, the holiday marking the beginning of the High Holiday season which will be concluded by the Day of Atonement, Sept. 28.

In Escanaba services will be held at Carpenter's Hall beginning at 6:30 p. m. Dr. Aaron W. Soffar of Chicago will conduct the rites.

Ram's Horn Is Blown
The New Year has been traditionally known as the "Day of Memorial" since on this day men are to recall and review the events of the past year and atone themselves to the higher purposes of life during the coming year.

It is on the New Year that men learn to "count their days" properly and thus resolve to apply their hearts unto wisdom.

Another designation for the New Year is the "Day of Blowing the Trumpet." The ram's horn or shofar is blown to summon men to prayer and repentance. The ram's horn is heard in three distinctive tones in the synagogue on this day. Its trumpet call is a summons for Jews to return to the spiritual life, and to all that religion implies.

"Day Of Judgment"
The third name given to the New Year is the "Day of Judgment." On this day it is believed the Book of Life is opened and in it is inscribed the destiny of each individual. After the ten days of penitence, during which Jews are to pray and repent, the Book of Life will be sealed. On the New Year, God sits in Judgment over the deeds of individuals and nations. Before His Throne all men must pass. Thus it is that man's dependence on the Almighty is stressed on this day.

Conservative and Orthodox Jews observe two days as the New Year. Traditionally, this year marks the Jewish year of 5713 since the creation of the world.

Officers Elected By Country Club Women Wednesday

Escanaba Golf club women elected officers at a meeting last night, following a supper and flag tournament.

Mrs. Harry Needham was elected general chairman; Mrs. Robert Owen, golfing chairman; Mrs. Elmer Swanson and Mrs. George Stuart, co-chairman and assistant co-chairman for golfing; Miss Carol Sackerson, secretary; Mrs. Hilmer Johnson, treasurer; Mrs. James Rouman, publicity chairman; and Mrs. William Henderson, foods chairman.

Flag tournament prizes were awarded to Mrs. Hilmer Johnson, first, and Mrs. Francis Anderson.

The 1952 golf champion award was made to Mrs. Francis Anderson, who received a silver tray. The award was made by Mrs. Francis Boyce, golf chairman. A special prize for the woman who played with the greatest number of women during the summer was won by Mrs. Harry Needham.

Club Reception Program Will Feature Fashions Of Century

A Family Album, featuring fashions of the past century, will be a colorful presentation at the reception honoring General Federation and State and District officers at the Upper Peninsula Woman's Club district convention in Escanaba Sept. 23-25.

The revue will be staged at the Escanaba Golf and Country Club Tuesday, Sept. 23, where the reception, opening special event of the convention, will be held at 8 p. m.

The Fashions of the Century program is under the supervision of Mrs. Fred R. Hoyler. Her assisting chairman is Mrs. W. J. Smith, and on the committee are Mrs. James H. Bell, Miss Delight Mashek, Mrs. James R. Fitzharris, Mrs. Leland Garrard, Mrs. Barnett Mills and Mrs. Oliver Fuller, who will be narrators.

Music Numbers on Program

Included in the program will be solos by Miss Jean Bunks of the Escanaba Public Schools music department, selections by the Orpheus Choral Club, directed by Mrs. M. H. Garrard Jr. and a piano interlude by Donald Ickes. The models who are taking part and a brief description of their costumes, many of which are treasured heirlooms connected with the early history of Escanaba, are as follows:

1850—Miss Barbara Anderson, a coral pink brocaded silk gown with a bonnet, bustle and long train, the property of Miss Jessie Linsley, once owned by an opera singer who was a protegee of the Linsley family.

1870—Miss Mary Cleerehan, a burnt orange ballroom gown worn by Mrs. George Mashek's mother in 1870 to a trainmen's ball in Escanaba attended by officials of the Chicago & North Western Railway.

Imported Gown

1887—Mrs. James R. Fitzharris, a brown homespun, tight-fitting jacket, velvet trimmed, black skirt, small hat purchased in England, high buttoned shoes and eye glasses of that period, loaned by Mrs. Anna Harrod.

1893—Mrs. M. D. Perring, Mrs. T. M. Judson's leg o' mutton sleeve dress with an 18-inch waist and matching hat with plumes.

1894—Miss Lois Pearson, Mrs. Robert L. Parson's imported pink taffeta gown with Chantilly lace trim which was one of the highlights of the 1950 fashion show.

1900—Mrs. Donald H. Boyce, Mrs. C. G. Royce's black taffeta gown with dust ruffle train and Chantilly lace blouse, also an outstanding costume at the show two years ago.

A mystery number, "After the Ball."

1908—Mrs. E. L. Pohl, a blue silk peignoir with yards of lace inserting, tucks and silk, loaned by Mrs. John G. Erickson.

1910—Mrs. Paul Wohlen, hobble skirt costume with white shirt waist with high collar.

"The Roaring Twenties"

1913—Mrs. Roy Starrin, peignoir periwinkle blue velvet with split skirt, owned by Miss Vilma MacDonald, and 50-year old hat with black willow plumes, loaned by Mrs. Henry G. Olson.

1919—A. Miss Lois Pearson, Mrs. James Degnan's black taffeta, tiered skirted dress and accessories. B. Miss Mary Cleerehan in flowered chiffon with uneven hemline, presenting the trend toward shorter skirts.

"The Roaring Twenties," Mrs. William Perkins, Mrs. G. W. Benson, Mrs. Kent Olson, Miss Jean Bunks, Mrs. James R. Fitzharris, Mrs. E. L. Pohl, in dresses loaned by Mrs. James Degnan, Mrs. W. J. Smith, Mrs. Fred Hoyler, Mrs. C. B. Farrell, Mrs. Claude Murdoch and Mrs. John G. Erickson. Strictly a fun number, presenting short skirts, long waistlines, mushroom hats, white fox and black lynx scarves and cigarette holders. Miss Bunks, soloist, and a Charleston feature.

1933—Mrs. G. E. Christie, Mrs.

James Degnan's street dress and accessories.

Golfers Costumes

Specialty number, Golfers of 1910, 1925 and 1952. Mrs. Paul Wohlen, Mrs. Emerson Harvey and Mrs. K. F. Harrington.

1935—Mrs. G. W. Benson and Mrs. Kent Olson in dinner dresses and fur capes of that season.

1940—Miss Lois Pearson, slacks and sport shirt, marking the advent of "pants" in women's wear.

1942—Mrs. Roy Johnson and Shirley Bulchak, suits of the period, one an Adrian model loaned by Mrs. John G. Erickson.

1947—Mrs. Joseph J. Poffenberg, "the new look" with the longer skirt, a cocktail dress loaned by Mrs. Donald Boyce.

1952—Mrs. William J. Smith, in today's fashion.

Theresa Derouin Is The Bride Of Patrick Sullivan

Miss Theresa Derouin, daughter of Mr. and Mrs. Oliver Derouin, 306 N. 12th St., became the bride of Patrick Sullivan, Walker AFB, Roswell, N. M., at a double ring ceremony Sept. 13, at 9 a. m. in St. Ann's Chapel performed by Fr. Clifford Nadeau.

Mr. and Mrs. Henry Sullivan, 502 Michigan Ave., Gladstone, are the bridegroom's parents.

Members of the bridal party were Shirley Guay, maid of honor, Joyce Dubord and Sally Roberts, bridesmaids, Raymond Vanders, best man, Donald Cole and Oliver Derouin Jr., groomsmen, Leo Waeghe and Charles Gendron, ushers, Karen Pinotek and Carol DeGrand, flower girls, and John Earl Destrampe, ring bearer.

Chantilly Lace and Satin

The bride wore a gown of Chantilly lace over satin and a fingertip veil of nylon net caught to a Juliet cap. She carried a cascade of

health at Wayne University where she received a B.S. degree. Her experience includes hospital, industrial, and public health nursing.

As executive secretary of the state nurses association, the official organization of 7,500 registered professional nurses, Miss Truckey will bring nurses of this area word of state and national developments in the profession.

white mums centered with a pink rose corsage. Her attendants who were in gowns of pastel shades carried harmonizing cascades of rubrum lilies and pompons. The flower girls in pastel pink and blue carried miniature colonial bouquets of pale pink asters and candytuft.

Mrs. Derouin wore a gray flowered bemberg sheer and gray accessories for her daughter's wedding. Mrs. Sullivan wore a violet silk with black velvet trim and black accessories. Rubrum lilies formed their corsages.

St. Ann's Choir sang the music of the mass with Miss Bernadette Cossette, organist. The offertory hymn was "In Te Speravi Domine."

A wedding breakfast was served at the bride's home and a reception and wedding dance for 350 followed at the Eagles Club Rooms.

Home in Roswell

The newlyweds will live at Roswell. The bride is a graduate of Escanaba High School and her husband is a Gladstone High School graduate.

Wedding guests included Mr. and Mrs. Walter Cleary and Danny and Mr. and Mrs. Stephen Zepezauer of West Allis, Wis., Mrs. Louise Liebel, Mr. and Mrs. Harvey Ward and John and Mrs. Elizabeth Black Milwaukee, Mr. and Mrs. Robert Lester of Garden and Mr. and Mrs. Tom Ward of Gastra.

Sandwich filling for small fry: Mix peanut butter, cream cheese, and chopped raisins together; sweeten with a little honey.

Personals

Mrs. Rose Martin, 1312 Fourth Ave. S., had as her guest over the weekend Mrs. Walter Morton of Chicago. Mrs. Morton was called from here to Baraboo, Wis., by the critical illness of her mother.

Mr. and Mrs. Mose Derouin of Detroit visited here yesterday with Mr. and Mrs. Rene Derouin, 307 North 12th street. The Mose Derouins are enroute to their home following a visit in Tennessee.

Mr. and Mrs. John Higgins and son Johnny Pat have returned to Beloit, Wis., after a week's visit with Mrs. Higgins' parents, Mr. and Mrs. Frank Beaudry, 415 S. 16th St.

Births

Mr. and Mrs. Rosario H. Grobleau, Ensign Rte. 1, are the parents of a son, Rodney Rosario, born Sept. 17 at St. Francis Hospital. The baby weighed 8 pounds and 9 ounces.

A son weighing 7 pounds and 8 ounces was born to Mr. and Mrs. Herman J. Fillion, 815 N. 20th St. Sept. 17 at St. Francis Hospital. The baby will be christened Michael Herman.

Pour French dressing over tomato slices and thin onion rings and serve on salad greens; this combination tastes particularly good with hamburgers.

Costume Party At Country Club Saturday Night

One of the outstanding social events of the season, a "Hard Time Costume Party," will be held at the Escanaba Golf and Country club Saturday beginning at 9 p. m.

There will be dancing from 10 p. m. to 2 a. m. to the music of Wayne Groleau's orchestra of Gladstone. This will be preceded by a special cocktail hour from 9 to 10 p. m., and a varied floor show will be presented at 11 p. m.

In case members and guests are wondering what sort of costume to wear, the committee pointed out this morning that they should be guided by what women members of the club wore on their recent annual "Fun Day", some pictures of which were published in the Escanaba Daily Press.

Everyone is urged to wear an appropriate costume or at least old clothes in keeping with the "hard time" motif.

The committee in charge is composed of Mr. and Mrs. Robert LeMire and Dr. and Mrs. Donald LeMire, co-chairmen; Dr. and Mrs. William LeMire, Mr. and Mrs. Joseph Poffenberger, Mr. and Mrs. John Root, Mr. and Mrs. John Bissell and Mr. and Mrs. Howard McDonough.

In making a bedspread, remember the top of the coverlet will have to be pieced to gain the width and overlap unless your fabric is very wide. Covered welting can be used where seams occur on top and at the edge of the drop. Quilted chintz is especially good for these spreads and matching or contrasting colored welting is available in your local drapery trimming department.

Girl Scout Council Meets With Adviser At Buffet Supper

Members and potential members of the Delta County Girl Scout Council met with Miss Catherine Schirz, Chicago, community adviser, at a buffet supper last night in the Marine Room of the House of Ludington.

Miss Schirz, who is conducting a series of conferences in Escanaba and Gladstone spoke briefly on her summer at Camp Edith Macy in New York and on the new trend in the Girl Scout training plan which stresses troop consultants and is based on the principle, "lend a hand." An informal round table discussion of activities followed her talk.

Camp Plans Discussed
Mrs. Louis Hillewaert of Gladstone, Council president, presided at the business meeting at which plans were discussed for a camp session at Clear Lake in addition to Timber Trail. Details of the Girl Scout calendar and peanut sale were completed.

Mrs. Ray Gazlay, Mrs. Hillewaert and Mrs. Fred Sensiba were named delegates to the regional conference in Indianapolis Oct. 15-17. Alternates are Mrs. Leroy Hamilton and Mrs. William Schideler. Mrs. John Fawcett also will attend in connection with her regional work.

Committee chairmen reporting were Mrs. John M. Trotter, organization; Mrs. Gazlay, camp program; Mrs. Gus DeHooghe, program; Mrs. Bernard DeHooghe, Juliet Lowe; and Mrs. Russell Hetrick, organization.

Miss Shirz, whose conferences continue through Friday, will return to this district Oct. 6 and 7.

Attending Meeting
Council members at the supper meeting from neighboring communities were Mesdames Hillewaert, Clyde McGonagle, Soren Johnson, Russell Hetrick, Tom Bolger, Bernard DeHooghe, Irwin S. Willis, Gus DeHooghe, Ray Gazlay, William Schideler, Julie Potvin, Tom Hite, Lionel Sabourin, Jack Ulrich, Leroy Hamilton and Ernest DeHooghe, Gladstone; Mrs. Lawrence Blahnik, Gladstone Rte. 1; Mrs. Rita Derocher, Bark River; and Mrs. Wallace Bennette, Miss Nell W. Fleming, Mrs. Allen Mercier and Mrs. Frank Hruska, Nahma.

munities were Mesdames Hillewaert, Clyde McGonagle, Soren Johnson, Russell Hetrick, Tom Bolger, Bernard DeHooghe, Irwin S. Willis, Gus DeHooghe, Ray Gazlay, William Schideler, Julie Potvin, Tom Hite, Lionel Sabourin, Jack Ulrich, Leroy Hamilton and Ernest DeHooghe, Gladstone; Mrs. Lawrence Blahnik, Gladstone Rte. 1; Mrs. Rita Derocher, Bark River; and Mrs. Wallace Bennette, Miss Nell W. British Defend Old Queen Bess

LONDON (AP) — Englishmen—who like to think they are on the threshold of a new Elizabethan age—rushed into print by the scores to defend the first Queen Bess from a charge that she was “the most infamous and miserable woman in history.”

The famous 16th-century queen was so described last Sunday by Msgr. Cyril Cowderoy, roman Catholic Bishop of Southwark.

“Drunk with the blood of martyrs, the first Elizabeth dishonored the faith of the church of her fathers,” Bishop Cowderoy declared. “There is no comparison with the gracious and lovely lady who now occupies the throne beyond the fact of their name.”

This reference to Protestant Elizabeth’s treatment of Catholics stung letter writers to London newspapers to point out that the first Elizabeth’s elder and Catholic sister, “Bloody” Queen Mary, was equally hard on Protestants.

Defenders of Elizabeth I variously described her as “one of the world’s most gracious rulers,” “that great lady who made the Elizabethan Age the most brilliant in our history” and “one of the greatest of all English monarchs.”

Rapid River

RAPID RIVER—Jack and Dick Miller have returned from a 10-day motor trip through Canada and down the east coast. In Canada they visited at St. Anne de Beaupre, Dick has left for St. Paul where he will attend St. Thomas Boys’ College this year. Jack left Monday to return to his studies at St. Norbert’s College in DePere, Wis.

Francis Paul Wils, son of Mr. and Mrs. Andrew Wils, had his appendix removed at St. Francis hospital and is convalescing at his home.

Mr. and Mrs. Orin Papineau and Jerry LaFountain Sr. spent several days at Lapeer, Mich., with Mr. and Mrs. Jerry LaFountain Jr.

Leslie Caswell left Sunday for East Lansing where he will attend a short course in hardware merchandising at Michigan State College.

Mr. and Mrs. Walter Meyers, Chicago, left Monday after spending the past month at the W. J. Miller home and with other relatives in the vicinity. Mrs. Meyers and Mrs. Miller are sisters.

This past week was moving week for several families in the community. Mr. and Mrs. Orin Papineau have moved into the former Sobesky home which they recently purchased. Les Caswell moved the old gift shop building and had it remodeled into a three family apartment. Mr. and Mrs. Allan Young and John Paul are occupying one of the apartments and the other two are occupied by Mr. and Mrs. William Young and family and Lizzie Froberg.

DISKING CLEAR CUT jackpine area in the Raco district. The jackpine limbs are evenly spread over the area after disking by a man who follows the disk. If there are no good jackpine cones present at time of cutting, the area is hand planted. This is another Timber Producers Association conservation practice. Sound, economical forestry principles are followed by loggers and lumbermen meeting in Escanaba this week.

Young Drivers Hit By New Law

An amendment to the State Liquor Laws as affects minors under the age of 21 years goes into effect today and law enforcement agencies, schools and others are advised accordingly by the Liquor Control commission.

The law provides that effective Sept. 18, 1952 any person under the age of 21 years who shall purchase or knowingly possess, transport or have under his control in any motor vehicle, any beer, wine, whiskey or other spirits, shall be guilty of a misdemeanor, punishable by 90 days imprisonment or \$100 fine or both.

The law has been interpreted to mean that the minor driver of any automobile can be arrested and charged with a misdemeanor if any beer, wine, whiskey or other spirits are found in the automobile which he is driving, whether he or she purchased the same or whether the alcoholic beverages were brought into the automobile by another person. The mere presence of such intoxicants in any auto with the knowledge of a driver under 21 years of age will be sufficient evidence for the conviction of such driver.

VFW To Launch Safety Program

A community safety program divided into four phases will be launched about Oct. 1 by the Manistique post of the VFW, it was decided at a meeting of the post Tuesday night.

A general committee headed by Everett N. Anderson was named to draft details of the safety program and to put it into operation.

The first phase of the program, to run through the month of October, will be concerned with the safety of school children. Directly in charge will be Ivor Wilcock, of the Manistique Board of Education, and Marvin Frederickson, of the public school teaching staff.

Details of the first phase will be the showing of various films on patrol boy activity, bicycle safety and driving safety. The VFW proposes to award a safety certificate to each local school whose patrol staff is successful in guiding children through traffic and across streets during this school year without an accident.

An individual citation also is planned for the "patrol boy of the year" in each school.

Phase two of the safety program will be concerned with the Christmas period, including tree decorations, overloaded electric lines and electric toys. It will open Dec. 15 with John Larson, a member of both the Manistique Volunteer Firemen's Association and the VFW, in charge. He will be assisted by regular and volunteer city firemen.

The third phase, dealing with industrial safety, will open in March and continue through Memorial Day, with Archie Carpenter in charge.

The final division of the safety program will deal with the school vacation period and will concern itself with swimming, recreation and other sports activities. Walter Nelson will be in charge.

Final details of the opening phase of the program will be mapped at a meeting of the general committee during the next 10 days.

Briefly Told

Attends School—Word has been received here by Mr. and Mrs. C. W. Jackson, Arbutus Ave., that their son, Donald, is attending school at Fort Ord, near Oakland, Calif.

Flag Project—A community flag project has been authorized by the VFW in an effort to make available to all business firms a standard flag at low cost. A committee to formulate details of the plan has been named, headed by George Drew, lay minister of St. Alban's Episcopal Church. Other members are Ivor Wilcock and James Howland.

Today's Great Lakes were born with the melting of the last huge ice sheet over North America, the National Geographic Society says. As the sun's warmth pushed the boundary northward, the glacial waters were trapped between the ice front and highlands which now hold the headwaters of the Mississippi, Ohio, Susquehanna and Hudson Rivers.

AS WE LIVE

Husband With Foul Mouth Can Corrupt His Children

By Elizabeth B. Hurlock, Ph.D.
Some people are so used to hearing suggestive words that it doesn't disturb them. To others, such language is repulsive. That is the young wife and mother feels.

(Q) "I've been married for three years and have two young children. We were much in love at the beginning of our marriage but my husband is killing my love for him by his dirty language. I just can't stand this. My parents never allowed language like that in our home, and my husband never used it in my presence before we were married. Once he told me his parents wanted to throw him out for talking that way. I've tried to ignore it and asked him to stop because of the children but he just says, 'Why should I? What can I do?'"

(A) Your husband is still young enough to mend his ways, if he wants to. And, for your children's sake you must make him want to stop using such language.

Don't ignore what he says and hope he will change. He won't. Explain to him that he is giving people a wrong impression of himself, of his children and of you by his speech. Point out to him that he is handicapping himself in business and social life by such talk.

Then stress how important it is for a parent to set a good model for his children to copy. Explain to him that the parents of other children won't allow their children to play with them because of the bad language. Surely your husband can understand this when he recalls how his own parents felt about his language.

If nothing you say has any effect, make a practice of walking out of the room and shutting the door as soon as your husband says words you disapprove of. Take the children with you so they will not hear what he says. This should convince your husband that you look upon his language as a threat to your home and that you are in earnest about your desire to make him stop. He may not change but you will spare yourself the annoyance of listening to words that disgust you.

Elizabeth Hurlock is one of the nation's great psychologists, and she will gladly help you with personal problems.

City Bowlers Meet Tonight

Men's City and Central Bowling Leagues will be reorganized for the season at a meeting at the Brault Alleys, River St., at 7:30 tonight, it is announced.

Included on the meeting program will be election of officers and re-arranging of bowling rules and regulations covering the season's program.

Persons unable to attend the meeting but desiring to bowl are requested to contact Russell Brault.

The leagues are composed of 16 teams, eight rolling on Tuesday nights and eight on Thursday evenings. League play may get underway next week, Brault announced.

In preparation for the resumption of bowling the Brault establishment has undergone extensive interior redecoration and the four alleys have been reconditioned with the new Brunswick D-30 surfacing machine. The machine also was used on the four alleys at the Elks Temple where league bowling activities are expected to start early in October.

An ivory ceiling and green pastel walls, with the rest of the color plan in rust and beige, have resulted from the redecoration program.

The Brunswick D-30 is a mechanically operated machine which levels alleys to near perfection. The sanding belt, covering the entire alley width, was guided during operations on the Elks and Brault alleys by two hydraulic cylinders, one on each side of the alley. Cylinders were regulated by a box full of electronic tubes.

The mechanic in charge, after putting the machine in motion, sat at the foul line while the sanding machine, guided at the gutters, traveled the full length of the alley. Contacting a bumper at the opposite end, the machine reversed itself. Six operations with six varying grades of sandpaper were performed on each alley.

The machine was first used at the 1951 ABC tournament in St. Paul. It has a value of \$7,000.

Mrs. Duquette received many gifts.

Queen Is Guest Of Lions Club

Dolores Toyra, Upper Peninsula State Fair Queen, was a guest of the Manistique Lions Club at its regular meeting Tuesday night, and related her experiences at Escanaba during the U. P. fair and in Detroit at the Michigan State Fair.

She said she was much more impressed by the careful methods used at the Escanaba fair in selecting a queen than at the state fair. At Escanaba judges observed the various candidates for an entire day before giving a decision while at Detroit judging was done after a brief stage appearance.

Queen Dolores, who is a daughter of Mr. and Mrs. Edward Toyra, of Manistique, also told of her appearance on a radio program in Chicago and her visit at Mackinac Island where she was a guest of the Grand Hotel.

She was introduced by Frank Gierke Sr.

Also on the program was the showing of a series of forest slides and a commentary on state forest

Escanaba athletes appear to carry a large portion of Marquette Northern's grid burdens on their shoulders, if early practice sessions are an indication. Coach C. V. Money has been using freshman Paul Baldwin in the quarterback slot in practice drills. The 188-pound, 6-footer gives the Wildcats a signal caller with height and heft for the first time in a number of years. Bob St. Martin, 232 pound tackle, is one of the speediest of the big linemen and is a top candidate. Northern's only three-letter athlete, Axel Anderson, dominates the end candidates. Northern opens its home schedule against Olivet College Sept. 27.

See where the Cincinnati Reds have signed the top American Legion Junior baseball hurler of 1952. He's Howard Whitson who pitched Cincinnati to the national Legion championship this year. Whitson is a 17-year-old, 150-pound righthander. He won 15 games without defeat for Cincinnati's Bently Post in the American Legion series. He has a career record of 140 victories against only six losses.

Bessemer will be host to Ironwood in an odd football game Friday night. The Speed Boys will entertain the Red Devils on the latter's home field. The game was slated for Bessemer's field but the gridiron has not yet been converted from the summer recreation program. Ironwood will get \$150 for travelling expense to its own field.

The Green Bay Packers won their first game of the exhibition season Sunday in Kansas City, beating the Washington Redskins 13-7. But even the most fanatic Packer backers aren't going into hysterics over the victory. The win cracked an 11-game losing streak—seven in league competition last year and four non-leaguers this campaign.

The Packers set some sort of record by winning a contest with only four first downs and 89 yards by rushing and passing. The Packs threw only 10 passes which also seems something of a record in view of the fact that the team set a new mark last fall by throwing 478 passes in 12 games—an average of just under 40 per. And the Packers went through the entire game without fumbling or having a pass interception.

Incidentally, the Packers seem to have a jinx on their founder and head coach of 31 years, Curley Lambeau. Green Bay has defeated Lambeau's teams in three straight exhibition games since his resignation early in 1950. And each defeat has been caused by Packer field goals. The Packers meet their former coach for the first time in league competition in Milwaukee Sunday, Oct. 5.

Wolverine Coaches See Good Year For Howell

By JOHN F. MAYHEW
ANN ARBOR (AP)—This should be the year for Frank Howell, Michigan's hard luck halfback from Muskegon Heights.

A senior now, the shifty 160-pound Negro appears in top form. Howell is running in the number one position, just a step or two ahead an extremely promising freshman from Flint, Tony Branoff, at the right half position.

He's been good at receiving passes. And his speed has shown to considerable advantage in daily scrimmages.

Earned It
If anybody is entitled to a good year, it is Howell. He showed great promise as a member of Michigan's freshman team in 1949. But as a sophomore, he broke his arm in a freak accident during a non-contact drill, just as he was starting to go at mid-season.

Last year, Howell battled intermittent hurts but managed to

average five yards a try on his 17 rushing plays.

In a full-scale test in Michigan's huge stadium last Saturday, he stepped out for two long touchdowns and set up two others with lengthy runs.

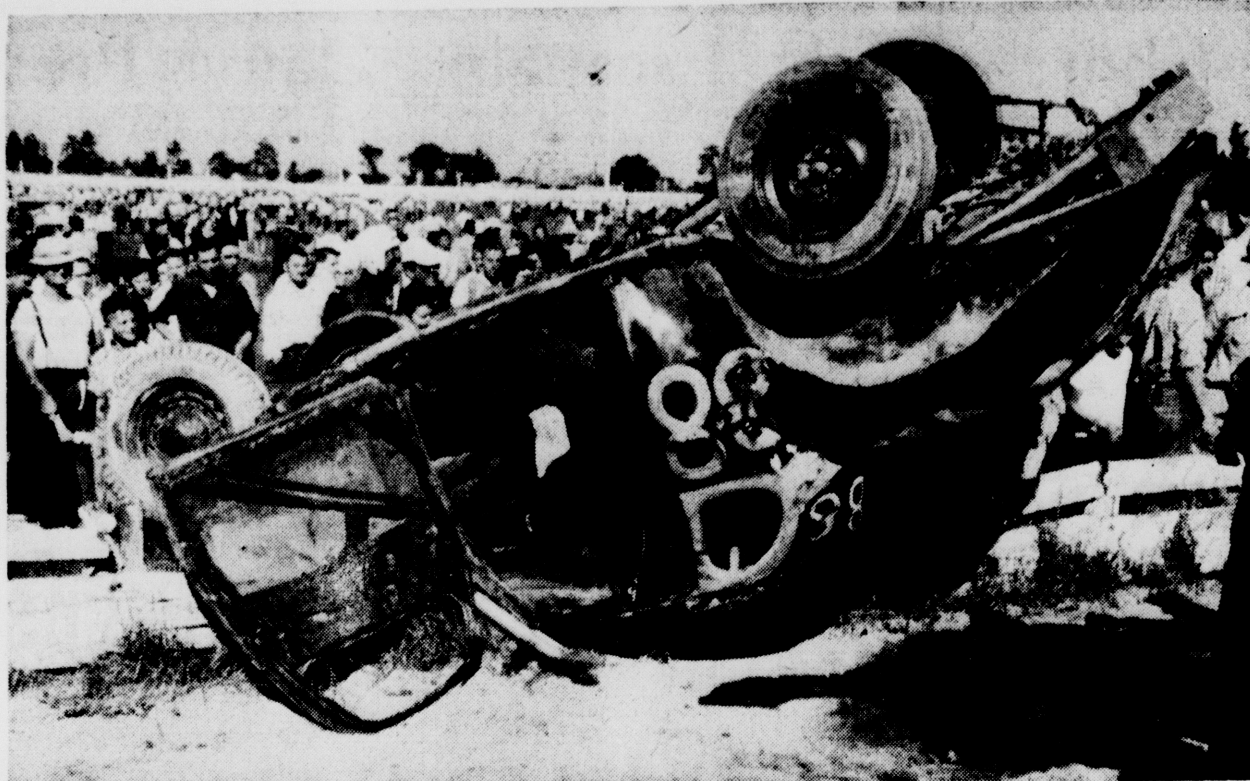

Good On Defense

Coach Bennie Oosterbaan is not thinking solely of offense when he considers Howell.

The five foot eight inch speedster had shown himself equally adept at a defensive halfback position and is currently regarded as a number two choice there.

Oosterbaan, meanwhile, bemoaned a flock of minor injuries hampering halfback Ted Kress and ends Perry, Merritt Green, Gene Kintuson, Bob Topp and Bob Dingman.

Perry's injuries kept him out of yesterday's practice. Oosterbaan put the rest of his squad, including the injured players, through a brief offensive and defensive scrimmage.

STOCK CAR ROLL-OVER—Pictured above is the end result of the first stock car roll-over at the State Fair race track, resulting from a tangle in the first heat of the races held during the U. P. Fair. The top stock cars and drivers will make their second appearance here tomorrow

afternoon as a feature of the Logging Congress. Drivers from throughout the Upper Peninsula, Northern Wisconsin and Minnesota will be competing for prizes in the U. P. championship program. (Lee Wiles Photo)

Stock Cars Will Race Tomorrow; Wrestlers Show Saturday Night

Stock car racing returns to Escanaba tomorrow with the cream of the crop in the Upper Peninsula mixing it with the best of the drivers from tracks in the surrounding areas.

The program at the State Fair half-mile oval will begin with time trials at 1:30 p. m. First of three heat races will get under way at 2:30. Two more heat races will follow, a consolation race is slated, and the semifinal and feature will cap the program.

Outstanding drivers from the U. P. and other tracks are entered in the field which is expected to exceed 40 cars. Joey Longtime of Ishpeming, who raced his auto to first place in the State Fair feature, heads the list of drivers.

Top Drivers

A half-dozen Escanaba, Powers and Gladstone drivers will be in the field which includes such top names as Leon Fraker of Iron

Mountain, Jim Richer of Kingsford, Bill Holmes of Menominee and the Ness brothers of Green Bay, Wis.

The first stock car races here provided a capacity crowd of over 7,000 with thrills and spills as the racers tangled and twisted around the half-mile oval at State Fair park. A huge crowd is anticipated for tomorrow afternoon.

Capping the sports activity over the Logging Congress weekend, a professional wrestling card will be presented Saturday night at the Junior High School auditorium.

European Champ

The first card to be presented here in several years will be fea-

Sports Briefs

ATLANTIC CITY (AP)—Felix Bocchicchio, Jersey Joe Walcott's manager said he would give Rocky Marciano's manager Al Weill until fighting in time Tuesday for the 15-round championship bout in Philadelphia to sign for a return go "or the fight will be off."

LOS ANGELES (AP)—National Wimbledon tennis champion Maureen Connolly of San Diego, Calif., won her quarter-final match in the Pacific Southwest tournament yesterday with a 6-1, 8-6 decision over Dorothy Bundy Cheney of Santa Monica, Calif.

PHILADELPHIA (AP)—The Philadelphia Phillies yesterday signed their first Negro baseball player. He is Theodore Washington, 18-year-old shortstop of the Philadelphia Stars of the Negro-National League. The 1951 graduate of Camden, N. J., High School, batted .325 with the Stars last year and .340 this season.

NEW YORK (AP)—Chicago outfielder Frankie Baumholtz moved within six points of Stan Musial, the National League's batting leader. Frankie rapped out two hits in three trips against the Giants yesterday, lifting his average to .330. Musial remained at .336 as the Cardinals were idle.

Yesterday's Stars

Batting—George Metkovich, Pirates—Slammed two homers, good for three runs, to lead the Pirates to a 4-1 upset victory over the league-leading Dodgers.

Pitching—Jim Hearn, Giants—Pitched his first shutout in two years, permitting the Cubs only five hits as the Giants won, 2-0, to cut Brooklyn's lead to three games.

Virgil Trucks

DETROIT (AP)—Now that the Tigers have positively guaranteed they'll finish in the cellar for the first time, what happens?

The answer is obvious and from General Manager Charlie Gehringer on down there's no argument on it.

If there had been, yesterday's 12 to 3 victory by the leading New York Yankees over the fumbling Tigers cinched it.

The Tigers will try to swap some of their supposedly great pitching staff this fall and winter. Hitting strength will be sought—preferably hitters who play second base, the outfield or catch.

Trucks For Bat
Virgil Trucks, who pitched two no-hit games this season, will be the Tigers' number one trading bait. And one of the club's many left-handers will be offered.

Trucks started yesterday's game and was shelled out in the Yankees' five-run fourth inning.

In the midst of mental lapses aplenty, the payoff came when little Phil Rizzuto stole home unmolested. The Tigers failed to cover home plate in a rundown.

A crowd of 6,879 booed the sloppy play.

Walt Drop homered with nobody on and Virgil Trucks drove in two more with a single for all of Detroit's three runs in the second inning.

Trucks walked in the first Yankee run and Hank Bauer added two more with a home run with one aboard in the second. So the

EAST LANSING—The old idea that football players go to fat after their playing days are over has been refuted by a study at Michigan State College.

That's the claim of Mark O'Donnell, an MSC student who prepared a thesis entitled "A study of longevity and morbidity of football athletes at Michigan State college" for his master of arts degree.

O'Donnell compared a group of MSC football players from 1928 through 1937 with a group of non-athletes who attended the college during the same period.

He found the average weight of the athletes was 189 pounds and of the non-athletes 159 pounds. From graduation to 1952, the study found the athletes gained an average of nine pounds compared to 16 pounds for the non-athletes.

The study also showed, he said, that physical ailments were more prevalent among the non-athletes than the musclemen.

Spartan Boxers Win Ring Debuts

CHICAGO (AP)—Jedd Black, an undergraduate at Michigan State College, made a successful debut as a professional boxer last night, scoring a technical knockout over Joe Sussek of Milwaukee in their preliminary bout at Chicago Stadium.

Black, a native of Janesville, Wis., scored his TKO in a one sided bout halted after 1:38 of the second round. The Michigan State student weighed 152 pounds to his opponent's 148.

In another prelim bout on the Davey-Graziano program, Chuck Spieser, of Detroit, a member of the 1948 and 1952 United States Olympic boxing teams, won a six round light heavyweight victory over Rufus Berry, of St. Louis.

Spieser, also making his debut as a professional, carried the fight to Berry throughout the bout but was unable to upset the St. Louis youth.

Kayoed Catcher Stars At Plate

BATTLE CREEK (AP)—Like a prize fighter coming off the floor, catcher Richie Petro pulled himself out of the dust yesterday to lead his Lakewood, O., team to victory in the American Baseball Congress amateur world series.

Petro was knocked unconscious when he ran into a barrier while catching a foul fly. His teammates wanted to relieve him. But Petro revived and wanted to stay in the game.

A short time later Petro slammed a two-run homer to spark a four-run rally and give Lakewood a 4-2 win over previously undefeated San German, Cuba.

The Cubans' setback left all remaining teams with one loss in the double-defeat-and-out tournament.

FIGHTS LAST NIGHT

Chicago—Chuck Davey, 150½, Detroit, outpointed Rocky Graziano, 158, New York, 10.

Emerald Reserves Invade Gladstone

MANISTIQUE—The Manistique reserve football eleven, its first scheduled game at Negaunee last week cancelled, will make its 1952 debut in the Hall stadium at 8:30 tomorrow night against the Gladstone seconds.

Composed entirely of ninth and tenth grade students, the Emerald reserves will be pitted against a B team not restricted by Great Lakes Conference regulations. The Gladstone lineup is expected to be comprised of players from all four high school grades, including some varsity substitutes.

Coach Rudy Brandstrom, who has been putting his charges through practice drills for several

weeks, has announced the following tentative starters:

Ends, Bob Hastings and Harold Pawley; tackles, Millard Edwards and Alroy Mersnick; guards, Willard Edwards, Herb Calhoun; center, George Phillion; quarterback, Don Harbick; halves, Dave Golat and Carl Brockman; full, Jim Cowman.

On defense Martin Holmberg will go in for Phillion and Melvin Ott will replace Harbick.

Also likely to get into action are Robert Carney and Gerald Grapinos, linemen.

Other players practicing with the reserve group, some of whom may see action, are:

Fred Binder, Richard Carlson, David Cook, Robert Funk, Donald Gauthier, Bim Gero, Tom Grimsley, Richard Russell, John Schnur, Larry Schnurer, Charles Swanson, Ernest Vertz, Dennis Hugo, Roy Landers, Larry Larson, Jim LaLonde, Richard Lupton, Carl Miller, Donald Nelson, Pat Rice, Jack Rogers, Michael White and Chet Young. Orville Belanger is reserve student manager.

Christy's Bar In 17-1 S-Ball Win Over Ford Team

MANISTIQUE—Christy's Bar lambasted Fords 17-1 in the softball finale here last night, shelling starter Al Adams from the mound in the sixth inning of a six-inning game shortened because of darkness.

Christy's went right to work in the first inning with John Benish slamming a bases-loaded homer off Adams.

Ben Chartier held the Ford league champions to five hits and fanned 14 batsmen. James Gouin came in to relieve Adams in the sixth.

Other players on the winning team were Berger, Rhoads, Martin, W. Chartier, Archie, Branstrom, Rubick, H. Chartier, Weber, Carlson and Norton.

BEGIN BOWLING

Michigan Softball Teams Hang Tight In World Tourney

STRATFORD, Conn. (AP)—The Midland, Mich. Dows eliminated the Steinbergs of Montreal in the semi-final losers round of the World Softball Championships by beating the Canadians yesterday, 9 to 0.

Clyde (Lefty) Dexter hurled a one-hitter for the Michigan team and Bill McGuff slammed a three-run homer.

Another Michigan team, Briggs Beautyware of Detroit, pushed across five runs in the last inning to defeat the Trenton Democratic Club of Baltimore, Md., 5 to 3.

Time Is Running Out For Challengers

Pennant Leader Posts Win

By ORLO ROBERTSON
AP Sports Writer
Leo Durocher's losing gamble loomed larger and larger today with his New York Giants trailing the pace-setting Brooklyn Dodgers by three games in the National League and time rapidly running out.

Rae Scarborough Bob Lemon

The Giants closed in on the Dodgers yesterday as big Jim Hearn shut out the Chicago Cubs, 2-0, while the Brooks were dropping a 4-1 decision to the cellar-dwelling Pittsburgh Pirates.

But the second guessers are saying the Brooklyn lead might well be only two games if Durocher had not chosen to throw an untried rookie, Jack Harshman, against the Cubs Tuesday.

Nine Games Left
"I just gambled and lost, that's all," was Durocher's retort.

Chuck Davey Teaches Graziano Ring Lesson

By CHARLES CHAMBERLAIN
CHICAGO (P) — Rocky Graziano demonstrated last night that he still has great powers.

He personally took charge of air conditioning Chicago Stadium.

The wind he stirred up missing Chuck Davey was from wild swings born of desperation.

Rocky was completely out-classed, a spectacle of bewilderment, like a bull skewered by a matador but still pawing the ground in a blind rage.

Huge Edge
The phantom-like Davey piled up a tremendously lopsided victory to continue unbeaten through

37 fights since turning pro after graduating from Michigan State. Graziano weighed 158, Davey 150 1/2. Through 10 rounds, welterweight Davey sawed into Graziano, the ex-middleweight champion, with left hooks to the body and face and a jabbing, cuffing right. At the end, the sensational southpaw was awarded a 61-39 edge on points by Judge Edward Klein, 58-42 by Judge Harold Marovitz and 56-44 by Referee Frank Sikora.

Seldom has a major fight that lasted the distance been won so unanimously. Only Sikora gave Rocky a single round, scoring the last in his favor 6-4.

Draws \$83,000
The nationally - televised and broadcast bout drew a ringside crowd of 11,970 that paid a gross of \$83,630. The net was \$64,331 of which Graziano received 30 per cent and Davey 22 1/2. Television

receipts for each fighter was kept a secret.

Davey is now in line for a crack at the welterweight title.

The date, depending on the outcome of Champion Kid Gavilan's title match with Billy Graham in Havana, Cuba, Oct. 4, is tentatively set for February. It probably will be in Davey's home town of Detroit.

It is unlikely that Kid Phantom, who holds a masters degree in education and is rapidly becoming one of the nation's most eligible bachelors, will have another fight before the big one.

Davey's cave-in lefts to the body and hooks to the jaw looked as if they hurt Graziano in the third, sixth, seventh and ninth rounds. Although Rocky's mouthpiece went flying, he later wouldn't admit he was jolted.

"Didn't Hurt Me"
"He never hurt me," said the Rock, nursing a slight cut above his right eye. "I just didn't have that old feeling—didn't have no zip."

"I'll say Davey is a pretty good little fighter but he isn't much of a puncher. I underestimated him."

Davey came to the point like a professor giving a final examination.

"I don't like to give away 10 pounds and I don't think I'll step up against a middleweight again," he expounded. "I won with my right, not my left. I kept him off balance with it and he couldn't hit me."

Davey said in the 10th he had orders to move around but instead decided to slug it out. That was when Graziano's wild swings connected several times.

"But by then he was out of steam," Chuck said.

Grid Notes

CHICAGO (P)—Midwest football practice briefs:

Wisconsin—Ground play rehearsals for the backs and blocking for linemen topped a light drill on fundamentals.

Ohio State—Remedies for fumbling are sought by Coach Woody Hayes. Defense is being keyed, especially for the linebacking corps and secondary.

Northwestern—A brother combination has been inserted on the defensive platoon with Captain Tom Roche at right tackle and John at left tackle.

Iowa—A full game scrimmage sidelined halfbacks Dusty Rice Duane Davis and Don Inman and tackle Roy Hutchinson with knee injuries.

There is no warmup period of picking breathers. Here's how the major games should come out this weekend:

Southern California over Washington State: State's surprising sophomores of last year are experienced now and the Trojans have just completed the shift back to the single wing. A weak nod to Southern California in the Friday night affair.

Texas Christian over Kansas: This is the game you can see on your TV set Saturday afternoon. The Texans are the defending champions in the Southwest Conference and Kansas is rated one of the Big Seven's best.

Maryland over Missouri: The split-T attack was invented by Coach Don Faurot of Missouri. Now his squad will be devoured by the system's most noted disciple.

Georgia over Vanderbilt: Vanderbilt reported having quarter-back problems.

Texas over Louisiana State: The pre-season dope lists Texas among the "haves" and LSU among the "have nots" this year. A Saturday night game.

Kentucky over Villanova: A squeaker that could go either way but Kentucky's sophomores are the pick Saturday night.

Duke over Washington and Lee: Duke's roster lists an even two dozen returning lettermen. That's too much experience for the generals.

Skippering over the others in a hurry:

Friday Night
Denver over Colorado College, Alabama over Mississippi Southern, Furman over Newberry.

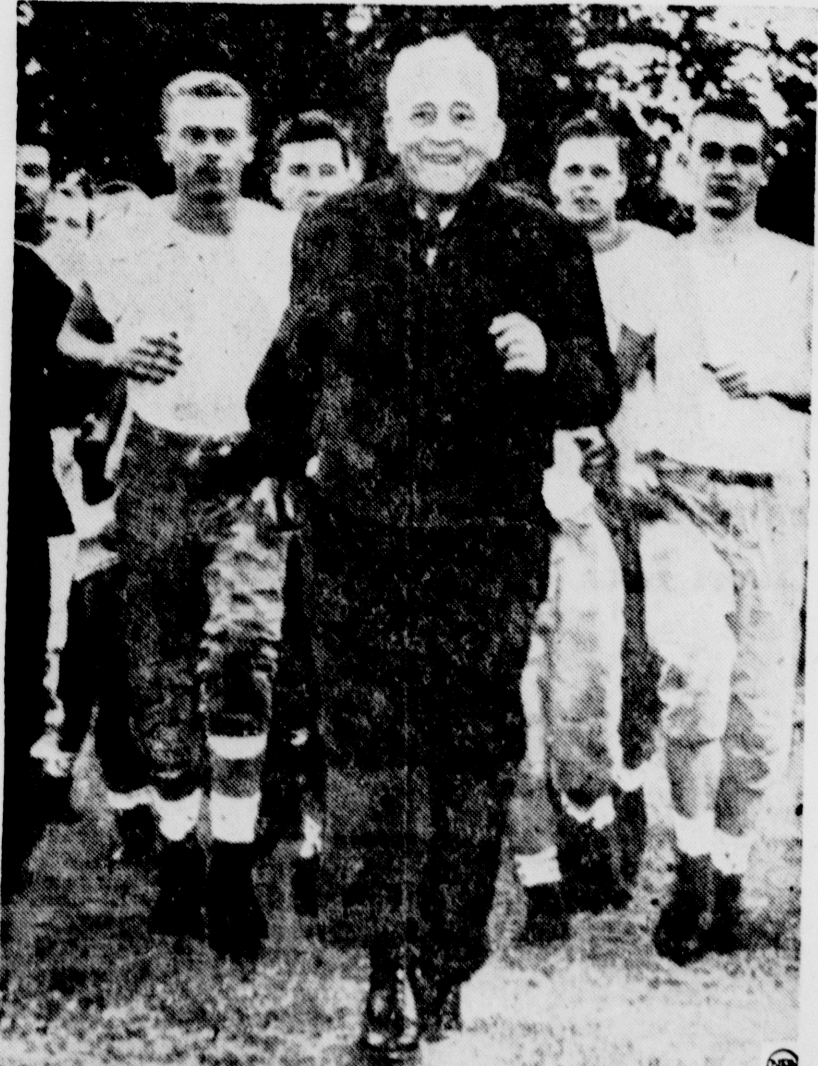

Saturday
East: Syracuse over Bowling Air Force Base, Yale over Connecticut, Penn State over Temple.

South: Clemson over Presbyterian, Richmond over Randolph-Macon, Florida over Stetson, Georgia Tech over The Citadel, Virginia Tech over Davidson, South Carolina over Wofford, Virginia Military over William & Mary.

Midwest: Kansas State over Bradley, Boston University over Wichita, Nebraska over South Dakota, Iowa State over South Dakota State.

Southwest: Arkansas over Oklahoma A & M, Houston over Texas A & M, Baylor over Wake Forest.

Far West: California over College of Pacific, Washington over Idaho, UCLA over Oregon, Utah over Oregon State, Stanford over Santa Clara, Montana over Utah State, Arizona over Hawaii.

Priests Tortured By Chinese Reds

HONG KONG (P)—A Belgian Catholic father, whose beard literally had been torn from his face, and an Irish priest who once was forced to squat on his heels continuously for eight days, reached Hong Kong, weak but thankful. Catholic headquarters here told about the tortures.

Both men were still jittery, but are recovering.

Chinese Reds falsely accused Father Maurice Kavanagh of Westford, Ireland, and Father Joseph Schyns of Brussels of heading a spy ring in Peiping. The two said they were tortured almost continuously for 14 months.

Father Kavanagh said his arms once were chained for weeks. Another time he was seated on a

chair, and his feet placed on another chair. The Reds took turns sitting on his knees and bouncing up and down. He fainted repeatedly.

His joints were temporarily paralyzed and running sores covered his broken skin.

The 55-year-old Irishman said he refused to confess to false charges, although Communists in relays tugged at his ears for a week.

Father Schyns suffered similar treatment, but he said the worst was the beard pulling. He said the Reds knocked him to the floor and pulled him from wall to wall by his beard.

Two months ago, the priests said, the Communists ordered them expelled, gave them medicine and fed them well.

Propaganda Handouts At Panmunjom Denied

PANMUNJOM, Korea (P)—The senior Allied liaison officer has denied that U. N. soldiers were trying to force propaganda leaflets on Communist security troops at this armistice site.

In a note answering a Red protest, Col. Charles W. McCarthy said a joint investigation Monday "reveals strong evidence against your allegation."

McCarthy said, however, leaflets dropped from an Allied plane might have fallen in the neutral zone "because of changing winds."
